Mrs. Harding, Widow Of President, Dies

Death Ends Long Fight For Life Against Kidney Attack.

Marion, Ohio, Nov. 21—(AP)—Florence Kling Harding, widow of Warren G. Harding, 29th chief executive of the United States died here today.

The end came at 8 55 a. m. at the White Oaks Sanitarium of Dr. Carl W. Sawyer where she has been fighting for life for the last few weeks.

KIDNEY AILMENT

Mrs. Harding's death was due directly to a kidney ailment, from which she has suffered for years and which nearly resulted fatally while she was mistress of the White House

She died peacefully Dr Sawyer said.

Dr Sawyer's statement on the causes of death gave chronic nephritis, myocarditis and hydronethrosis Clifford B. Kling, Mrs Harding's brother, George B Christian, Jr., who had been secretary to Mr. Harding, Mrs Marv Sawyer widow of Brig-Gen Charles F Sawyer and Dr Carl Sawyer were present when the end came.

FUNERAL PLANS

Arrangements for the funeral were immediately taken over by her brother and Mr. Christian

The funeral services will be held at Epworth Methodist church at 2 o'clock Monday afternoon. Rev. Jesse Swank, pastor of the church and who conducted the funeral services for President Harding will be in charge He will be assisted by Rev George M Landis, pastor of Trinity Baptist church of which Mr Harding was a member. Mrs. Harding had been a member of Epworth Methodist church since girlhood

While no definite announcement had been made it is expected that Mrs Harding's body will be placed temporarily in the receiving vault in the Marion cemetery alongside the body of her husband

The body was removed from the sanitarium early today to the home of Mrs. F. J. Longshore, a niece in East Church street.

HER SECOND HUSBAND.

President Harding was the second husband of Mrs. Harding. Her first was Henry DeWolfe, whose parents were neighbors of the Kling family. The marriage, contracted early in life proved to be unhappy and the future mistress of the White House obtained a divorce in 1885 on grounds of gross neglect. One son, Marshall Eugene DeWolfe, lived to manhood. His death occurred at Kersey, Colo in 1911.

LONGSHORE HOME.

The body was taken to the home of Mrs. Frank J. Longshore, a niece in East Church street where it will remain until the funeral services at 2 p. m. Monday Epworth Methodist Episcopal church. There the last rites will be conducted by Rev. Jesse Swank who 15 months ago said the final services for the late President Harding. Rev. Swank will be assisted by Rev. George M. Landis, pastor of Trinity Baptist church of which Mr. Harding was a member and who also aided in the funeral services for Mr. Harding.

While the services are expected to be very simple, they will not lack dignity befitting a widow of a former president of the nation. Members of the Associated Ohio Dailies, an organization of newspapers publishers, of which the former president was one of the founders, have been requested by President R. S. Snyder of Norwalk to attend the funeral in a body.

This tribute from the newspaper fraternity is not solely because of Mr. Harding's activity in the newspaper field, but also because of Mrs. Harding's activity in that line, she having worked for many years on the Marion Star.

DEEP SORROW.

Washington, Nov. 21.—The death of Mrs. Harding aroused a deep sense of personal sorrow in the national capital.

The highest dignitaries of government, headed by President Coolidge, joined in expressions of grief, but quite another tribute of affection found voice among those she had befriended in humbler walks of life, and those who had looked with admiration and with pity on the tragic course of her brief tenure as mistress of the White House.

Mrs. Harding made many friends in Washington before her husband became president. As the wife of a senator for six years, she won a reputation as a hostess and wholehearted and democratic participant in public charities. These qualities she carried to the White House. Among those who mourned most deeply at her death are wounded soldiers at Walter Reed hospital where she passed many hours and left many tokens of sympathy.

Claimed By Death.

DEBT EXPERTS SEE PROSPERITY

Reparations Commission Returns from Europe.

New York, Nov. 21.—America's reparations experts who have been in Europe to straighten out the post-war financial muddle returned on the steamship Homeric Thursday, convinced that the Dawes plan already had restored confidence to Germany. All agreed that the plan is proceeding with even greater success than its framers had anticipated.

The party included Owen D. Young, originator of the technical features of the plan; Rufus Dawes, brother of the vice president elect, who had charge of the Berlin office of the agent general of reparations; H. M. Robinson of Los Angeles, who had charge of organizing the reparations bank, and George P. Auld, who organized the accounting service.

PAID TO AUG. 31, 1925.

Germany has met all payments under the Dawes plan to date, Mr. Young said, adding that as a result of the recent $200,000,000 loan, payments for the year terminating Aug. 31, 1925, already are in the hands of S. Parker Gilbert, now agent general of the reparations commission.

So encouraging is the plan, he continued, that it is not anticipated Germany will have to float another loan next year.

CORN HUSKERS IN COMPETITION TODAY

Chicago, Nov. 21.—The ten best corn huskers in Illinois were ready to compete today in the state corn husking contest which the Prairie Farmer of Chicago, has scheduled in Sangamon county.

The contest is the first in Illinois. The winner will receive $100 cash and the other winners will divide another $100. The Illinois champion will compete with winners of similar contests in Iowa and Nebraska at the mid-west contest in Des Moines.

Records for one hour and twenty minutes ranging from 2,920 to 2,010 pounds of corn were made in preliminary contests by the following entrants in today's event: Ray McGuirk, Lee county; Charles Budd, Jasper county, Ind.; Orville Welch, Piatt county; Grover Leigh, Sangamon county; Wayne Humphreis, McLean county; Henry C. Franzen, Livingstone; Henry Niehaus, Montgomery; J. M. McHenry, Piatt, Pearl Mansfield, Montgomery; Dallas Paul, Fulton; William Opperman, Logan, and Herman Williams, Ford.

CHICAGO PLANS TO GREET FIRST LADY

Chicago, Nov. 21.—Plans are being made by Chicago society leaders for the entertainment of Mrs. Calvin Coolidge, wife of the president, who will accompany her husband here Dec. 4, when he comes to visit the National Stock Show. A luncheon, tea and dinner in her honor are tentatively discussed, pending word from Washington regarding Mrs. Coolidge's plans during her visit.

CONFESSES MURDER OF ROOMMATE

Waukegan, Ill., Nov. 21—Dominik Enrico has confessed that he killed his roommate, Joseph Sobeck, 40, with an axe in a quarrel over who should pay for a gallon of wine, according to State's Attorney Smith. Sobeck was slain in a cottage at Libertyville on November 10. Thomas Olechna who, according to Enrico, was present, still is being sought.

Dekalb, Ill., Nov. 21.—The C. B. and Q. railway round house at Shabbona was destroyed by fire last night. Two engines were saved.

$100,000,000 FOR FRENCH REPUBLIC

Paris, Nov. 21.—Finance Minister Clementel has arranged with the Morgan interests for a loan to France of $100,000,000 at seven per cent.

FRANCE AGREES TO DELAY PACT

Disarmament Protocol Will Not Be Scrapped, However.

Paris, Nov. 21.—The protocol on disarmament and security framed at the last assembly of the League of Nations was the subject of an important conference at the foreign office last night between Premier Herriot, Leon Bourgeois, former Premier Briand and Paul Boncour. The result was to confirm the conferees' opinion that France was correct in accepting the British request that consideration of the protocol by the League council be deferred.

France however, has no intention of scrapping the protocol, although if this appeared desirable she would not refuse to envisage a more complete solution of the problem, says the usually well-informed Matin.

CLING TO MURDER ANGLE IN OHIO

Preacher Repeats Belief in Suicide Theory.

Canton, O., Nov. 21—Hoping further questioning of relatives of Mrs. Addie Sheatsley, wife of C. V. Sheatsley, pastor, Columbus O., who found the charred body of his wife in the furnace at the Sheatsley home Monday, might bring some clew which would solve the mystery, Prosecuter King of Franklin county today continued examination of Mr. Sheatsley and his four children.

Funeral services for Mrs. Sheatsley were held at Paris yesterday. Prosecutor King is awaiting a report of chemists who made an analysis of the lungs and oesophagus of Mrs. Sheatsley which Mr. King said would be forwarded to him today The prosecutor hopes the analysis will disclose whether or not Mrs Sheatsley breathed in the furnace.

HINTS AT MURDER.

"I am of the opinion" he said, "that disclosures will produce facts to prove she did not choose this method to take her life. I am inclined more and more to the belief that her body was placed in the furnace after life had passed from the body."

Late yesterday Mr. Sheatsley reiterated his belief that his wife had been a suicide victim. Milton, the oldest son declared when he entered the furnace room and first saw the body of his mother a small door above the coal door was open. In previous statements to the prosecutor he had declared that this door was closed.

Prosecutor King will go further into this phase of the case today, he said.

NAVY TO DESTROY SHIP IN SECRET

World Must Not Know of Experiment.

Washington, Nov. 21—The task of sinking the battleship Washington somewhere off the Virginia capes is expected to be a long and tedious one. The longer and more tedious the better the navy will like it. The impending doom of the big superdreadnaught is in no sense a Roman holiday. It is hard labor. If the coup de grace is given to the hull by Dec. 1, the navy will be satisfied.

But if a chance shot should send the Washington tumbling down to Davy Jones' locker in premature fashion, the world at large may never know it. The "operations" against the Washington are wholly confidential. They are expected to tell the navy where any weakness may lie in the present theory of design and construction. The value to America in the information gained will depend entirely upon its secrecy, for if this confidential data should reach the other powers, they would gain similar advantages and there would be no strategic point in the experiments.

MULES DEFEATED IN PULLING TEST

Kansas City, Mo, Nov. 21—The twenty-sixth annual American royal live stock show in progress here saw the redoubtable army mule suffer a setback. A team of dapple gray Percherons won the pulling contest for teams under 3,000 pounds, hauling a load of 27,000 pounds, 27 feet and developing a pulling strength of twenty-five horse power. They weighed 2,720 pounds.

The mules entered by the quartermaster corps, Ft. Leavenworth, and weighing 2,880 pounds, were unable to pull twenty-seven feet.

FIND LEPROSY IN NORTH CHICAGO

Waukegan, Ill., Nov. 21.—Augustine Barrentos, 16, and his brother, Zecas, 8, of North Chicago, have been found to be suffering from leprosy, according to Dr. S. Winner of the Illinois health department.

Dr. Winner ordered a police guard over the Barrentos home in North Chicago, it was learned Thursday.

STAY FREE OF PARTISANSHIP LABOR TOLD

Ballot Reform, Freedom of Vote, Is Urged.

El Paso, Texas, Nov. 21.—(AP)—A special report on political policies at the American Federation of Labor's 44th annual convention today by the executive council asserted that the organization must be kept free from political domination and that the non-partisan political campaign committee created during the recent national campaign must be maintained permanently.

BALLOT REFORM.

Ballot reforms, increased interest in the primaries of all parties, and freeing independent political movements of the narrowly circumscribed limitations as revealed by the recent national campaign also should be sought, the report asserted.

Results achieved in the recent congressional elections were acclaimed as a "signal success in the furtherance of the interests of the wage earners and of the people of the country generally."

SIGNED BY GOMPERS

The report was signed by Samuel Gompers, president of the American Federation of Labor, eight vice presidents and the secretary and treasurer.

"Elimination of the cumbersome and archaic ballot definitely designed to prevent intelligent choice of candidates and to make independent voting difficult," was urged "if we are to have a free expression of the political intentions and desires of the people"

NON-PARTISAN

As to independent political movements which, the report said were revealed by the recent national campaign as "so narrowly circumscribed as to maks impossible a free expression of political intentions of those not in complete accord with the existing major political parties," the report suggested:

"This is a difficulty that must be overcome and legislation is needed so that independent political movements may function effectively when ever the need for such may arise"

OTHER PROPOSALS.

1. The proposed constitutional amendment of Senator Norris of Nebraska to eliminate "lame duck" legislation by having the newly elected congress convene in January following the election instead of in December of the next year.

2. The recently passed Japanese exclusion clause in the immigration law which may be brought before congress for reconsideration.

CONDEMN SALES TAX.

The convention also condemned the principle of the sales tax and voted for abolition of convict labor and for laws prohibiting the interstate transportation of strike breakers.

National Commander James A. Drain of the American Legion, was given a rousing reception when he was introduced by Maj George L. Berry, head of the International Printing Pressmen's union The Legion commander spoke on the kindly feeling existing between organized labor and the Legion, made a stirring appeal for national defense

GOVERNMENT RESTS FAHY THEFT CASE

Completes Testimony in Rondout Mail Robbery Case.

Chicago, Nov. 21.—The government completed its testimony and rested its case shortly after noon today in the trial of William J. Fahy, former postoffice inspector, James Murray and Walter McComb, charged with conspiracy in connection with the $2,000,000 mail train robbery at Rondout, Ill., June 12 last.

$600,000 MISSING

Government agents let it be known today as the testimony against the defendants was brought to a close that all but about $600,000 of the loot had been recovered. It was said that shares of the loot allotted to two men had not been recovered. The unrecovered portions are supposed to be that alleged by Brent Glasscock in his testimony for the government to have been turned over to Murray and Herbert Holliday.

Holliday, Mike Glasscock and the four Newton brothers, Willis, Willie, Jesse and Joseph, recently pleaded guilty. All were indicted with Fahy, Murray and McComb on the conspiracy in connection with the robbery.

NEW REVOLUTION THREATENS MEXICO

Mexico City, Nov. 21—(AP)—General Angel Flores, governor of Sinaloa state and unsuccessful candidate in the last presidential election, has revolted, according to private dispatches from Mazatlan to the newspaper ElUniversal here. The dispatches state that General Flores left Culiacan, Sinaloa, Wednesday, accompanied by seven followers, for the mountains, where General Miramontes awaited him at the head of a few hundred men.

Happy

EUGENE V. DEBS.

Terre Haute, Ind.—Eugene V. Debs is home again, looking 20 years younger than he did when he returned from prison three years ago. Six months ago the Socialist leader was reported critically ill Then he dropped out of sight

Now he is back—back from the north woods Four months he lived up there, "taking nature's cure and living like an Indian.

"Now I'm never going to slow down," he declares. "The wrinkles are all on the outside. There are none in my heart"

He confided his newest ambition He wants to be a prison warden.

"I would dismiss the guards," he muses. "I would reform the men through love, and teach them to be men. And I would see that they got their chance when they went out"

OUT-TALK FOE SMALL'S PLAN

Would Put Off Decision Until After His Inauguration.

Springfield, Ill., Nov 21—(AP)—Ability of Senator John Dailey of Peoria and the four other lawyers retained by the governor for defense in the "civil suits," to talk for a month of court days, was suggested by the attorney general's force this afternoon, as the probable defense plan, to forestall a judicial ruling until after Governor Small's inauguration

When Circuit Judge Burton declined to suppress the master's finding that the governor must account for state moneys alleged withheld as state treasurer, he set Dec. 1, as the opening date for arguments, and the lawyers indicated that at least as much time would be required in court as taken before the master.

TOOK 15 DAYS.

Fifteen full days were required in the master's hearing. If Senator Dailey and the four other lawyers for the governor can prolong the arguments and questionings for ten court days more, it is likely, a decision may be delayed, the prosecution lawyers say, until after Jan. 5, when Oscar Carlstrom of Aledo becomes attorney general.

They are taking into account the possibility of adverse action by the general assembly in canvassing the votes by which Governor Small was re-elected. Before the governor may start upon his second term, the general assembly must canvass the vote and issue him a certificate of election. If this is refused the governor may continue to serve under that section providing that the governor must hold office until his successor is elected and qualified.

According to information received at the attorney general's office there is a movement among members of the legislature to act on the proposal to refuse a certificate.

BANDITS LOOT OAKWOOD BANK

Force Employes Into Vault —Get $5,500 Swag.

Danville, Ill., Nov. 21.—Forcing employes into the vault, bandits this morning at 9 o'clock, held up the State Bank of Oakwood, eight miles west of here, and escaped with $4,000 in cash and $1,500 in Liberty bonds.

Two of the bandits entered the bank, while several others remained outside in an automobile, in which all escaped.

NEED BIG SUM FOR WATERWAY

Improvements Mean Great Saving, Convention Told.

Evansville, Ind., Nov. 21—The vital need of a large appropriation for inland and coastal waterway improvements in order that huge economies may be realized, the story of how the Mississippi and Warrior government owned barge lines have been put on a paying basis and other waterway problems were brought before the sixth annual convention of the Mississippi Valley Association convention on board the steamer Alton, cruising up and down the Ohio river today.

The delegates were also informed of the many lines of red tape through which water way appropriations must make their way before they are finally made available for use They were given a description of what the government was doing in the improvement of its waterways and a description of the great intracoastal canal project

UNIQUE DINNER.

Weather permitting they will be entertained at luncheon in the cofferdam of Ohio river dam number 47, in process of completion, all the diners being beneath the surface of the river at the time If the weather proves bad the luncheon will be served on board the Alton.

Brig-Gen Ashburn, chairman advisory board, United States Inland Waterway corporation, Washington, Brig-Gen Jadwin, assistant chief of engineers U S A, Col Roop of New York, former assistant director of the budget, Roy Miller of Corpus Christi, Texas, vice president of the Intracoastal Canal Association, were the speakers today.

BIG NET GAIN.

Brig-Gen. Ashburn showed that from a loss of $136,041, from June to September 1923, the Mississippi and Warrior Barge Lines had jumped to a profit of $72,793 in the same period of time in 1924. "This shows a net gain in revenue of $208,834," he said, "and the Mississippi is increasing its gains while the Warrior is reducing its losses"

General Ashburn then showed that counting the sale of the barge line, as a war saving to the government, at five cents on the dollar, the line would have brought $650,000. "This is the same as prices obtained for other war time facilities," he explained. "Since that time $2,084,650 have been appropriated, bringing its value up to $2,734,650. Of this there are outstanding loans to municipalities of $880,726. So as a peace time investment the equipment proper stands at $1,944,374.

"But the American Appraisal company set our assets at $9,763,858. Figuring depreciation and other amounts chargeable, there will still appear to the credit of the corporation more than $5,000,000."

STOCK TRADE STILL RAPID

Continues Same Feverish Pace—Profit Taking Appears.

New York, Nov. 21.—Trading in the stock market today continued at the same feverish pace which has been maintained since the election, but the advance in price was checked by a heavy wave of profit taking which spread over the entire list early in the afternoon. Before the outburst of realizing sales more than two score issues had scaled new peak prices for the year on a turnover of 1,105,700 shares in the first two hours.

SHARES HERE.

Railroad shares which had been swept to new high levels on the early rush of buying, crumbled 1 to 3 points as profit taking invaded the list, and then rallied again as a vigorous bullish demonstration in Rock Island lifted that stock 3 points to a new high at 46. Other new highs were set by Union Pacific, Atchison, Northwestern, New Haven and North Pacific.

Persistent selling of industrial issues was reflected in recessions of one to five points in General Baking, U. S. Cast Iron Pipe, General Electric, International Harvester, and American Can Despite pressure against influential stocks, U. S. Steel reached a new high at 117¼ with General Asphalt and Otis Elevator joining the upward movement.

Twelve Men Chosen For Murder Trial

Jury To Try The Campbells And Benskin at Tuscola Completed at 11:10 Friday Forenoon.

THE JURY.

Joseph Ewald, farmer, Arcola.
Louis Brannon, retired farmer, Tuscola.
J. C. Adams, chauffeur, Arcola
O. E. Abercrombie, farmer, Tuscola.
J. A. Coslet, farmer, Tuscola
Lester Ramp, retired farmer, Sargent.
Perry Knobloch, retired farmer, Tuscola.
Lee Burgess, farmer, Bowdre township.
Frank Robinson, clerk, Arthur.
Wm. Hemmingway, farmer, Arcola.
Russell Collins, grain buyer, Garrett.
Woolford Hardy, farmer Garrett.

(By Review Representative.)

Tuscola, Nov. 21—The last man of the twelve who are to hear the evidence and determine the guilt or innocence of Harley Campbell, Leonard Campbell and Lee Banskin, charged with the murder of Sherman Denny, was accepted by both state and defense at 11 10 o'clock Friday forenoon, and were sworn by the circuit clerk to fairly and impartially perform the duty for which they had been selected. Their names appear above.

FINISHED QUICKLY.

The completion of the jury came swiftly, eight men having been accepted by both sides in this sensational murder case between 8:30 and 11:10 o'clock. The other four were accepted Thursday afternoon, before the court recessed for the night, after several days had been consumed in a seeming impossible task of securing a full complement of qualified men to hear the case

The acceptance of talesmen for service on the jury was accelerated by Judge Franklin H. Boggs, who in remarks to opposing council Thursday evening declared his strong desire to fill the jury box from the venire of 200 men provided in the special meeting of supervisors Tuesday, without making it necessary for the board to reassemble to place a new lot of names in the jury box

BITTERNESS TEMPERED.

When court reconvened Friday morning the bitterness over the Klan issue that characterized the early efforts to secure a jury, seemed tempered and there was an apparent disposition on the part of counsel to wind up the ardous work as quickly as possible, with the result that before noon the jury was completed and State's Attorney Robert Cotton had started his preliminary statement to the jury Only thirty out of the 200 men with which the examination started were left when state and defense announced they would accept the last panel of four.

Had the deadlock continued through another venire, there was a possibility of women being called to sit on the jury, it was said, but with the securing of a full jury from the first venire of 200, this contingency will not arise.

PERMITTED QUESTION.

A reversal of Judge Boggs' ruling as to the form of question to be used in determining whether a talesman was a klansman, permitted the direct question as to whether or not a man is a member of the Klan. The judge ruled, however, that the men questioned should have the right to refuse an answer, and about half of the six or eight men to whom the direct question has been put maintained silence and accordingly were rejected by the state. The others answered the question in the negative.

SUGGEST SUBTERFUGE

Counsel for the state overlooked no chance for subterfuge, for the question as put to the talesmen was: "Do you now or have you ever belonged, etc." This form was explained by John R. Chadwick, of counsel for the state, on the ground that, as he said, when a member of the Ku Klux Klan is called into court he automatically is released from membership in the Klan, and after he is through in court he automatically is reinstated

FEW AGAINST EXECUTION.

It developed in the questioning of talesmen in this case that there is a surprising lack of objection to the death penalty among Douglas county men. In all of those who have been called into the jury box for interrogation, numbering nearly 200, only two or three secured their immunity from service by declaring that they are conscientiously opposed to the infliction of the death penalty in proper cases

The eight men who first were accepted were permitted to retire to the jury room, to rest from their long siege in the court room. They were under the direction of Deputy Sheriff Nathan W. Albritton, who, though he permitted them to read the newspapers, first carefully clipped all stories of the case on which they are to serve as jurors They also were forbidden by the court to discuss the case among themselves, or to permit others to mention it to them.

Mother of Ten is Brutally Beaten

Husband Tramps Face with Hob-Nailed Shoes.

Taylorville, Nov. 21—Mrs. Robert Gillen of Kincaid, forty-four, and mother of ten children, is in a serious condition at the St. Vincent hospital as result of a brutal beating, when she was knocked down with a chair in the hands of her husband, who jumped upon her unconscious form and sunk his heavy nailed shoes into her face, while in a drunken rage because dinner was not served on time.

ADMIT GUILT

Neighbors called a policeman and Gillen and his brother, Neal Gillen, were arrested and arraigned before Magistrate O. B. Hewitt Thursday morning, pleaded guilty to assault and battery and was fined $100 and costs.

Neal Gillen, a brother, pleaded guilty to a charge of intoxication and was fined $10 and costs.

Robert Gillen is now in the county jail unable to furnish $2,000 on charges of intoxication and disturbance.

AGORA SOCIETY IN FIRST PLACE

Wins Inter-Society Contest At High School. Village.

The Agora Literary society of the high school practically won first place in the intersociety contest Wednesday evening at the high school. Although Eugene Abrams won first place in the humorous reading and placed the Forum society in second place, Jean Jester of Agora was a close second, giving Agora a sufficient number of points to maintain a far lead.

Rotaro society, which was in second place at the end of the second part of the contest, fell to last place after the humorous readings. However, there remains another day of the contests and it is possible for a big upset and a complete reversal of standings, but is not thought that the leaders will lose bad enough to lose the cup.

Katherine Rinehart, Helen Baker and Everett Haggard of the Arion, Aristos and Rotario took third, fourth and fifth in the humorous reading. The standings of the societies so far are as follows: Agora, 816; Forum, 781; Aristos, 779; Arion, 776, and Rotaro, 773.

The final act of the contest will be held Monday evening when the extemporaneous speaking contest will be held. This will decide the winner of the cup.

Mr. and Mrs. Guy Draper visited Mr. and Mrs. John Roney in Dalton City Tuesday.

The farmers are busy shucking corn, and getting it delivered, as a number sold for $1.

This being educational week, the school has a fine exhibit in the Mt. Zion Lumber Co. window.

Mrs. Horton of Decatur spent a few days with her sister, Mrs. Oscar Wilson.

Mrs. Mabel McGaughey was a Decatur visitor Wednesday.

DECATUR REACHES 49,399 POPULATION

U. S. Census Bureau Gives July 1 Figures.

SPRINGFIELD IS 62,715

Peoria Has 80,619; East St. Louis 70,576.

The U S Census bureau estimates Decatur population on last July 1 1924 at 49,399 according to announcement just made Those who have been broadcasting Decatur population at 50 000 have not been far wrong and visitors will excuse the home folks for adding a mere 600 to what the government says we have In fact according to some reports it is remarkable that 6 000 was not added to the correct figures

At that it is not five months later and the guess that Decatur's population is 50 000 is probably about correct, East St Louis is credited with a population of 70 576 Elgin 28 136 Peoria 80 619 and Springfield 62 715

Decatur population by the 1920 census was 43 818 Since then there has been considerable territory added to the city and there has been some natural growth

3 EARS CORN ON ONE SIDE OF STALK

Unusual Growth Brought to Review By Bethany Man.

An unusual stalk of corn was brought in to The Review Wednesday afternoon by C M Sutton of Bethany There are three ears on the stalk and all growing on one side Two ears are considered fine and three ears more than good, but when the two ears come they are as a rule on opposite sides of the stalk The third ear is the smallest and it made a brave attempt to follow the usual starting on the side opposite the two larger ears but evidently their weight pulled it over so that they all landed on one side The corn is the Silver Mine variety

BETTER THAN EXPECTED

Mr Sutton is one of the unusual men in the county in that his corn is turning out better than he expected This three ear stalk came from a field of eighty acres which is making sixty bushels per acre while most of the farmers are finding their corn yields cut down fifteen or twenty bushels per acre below what they anticipated

CARL H. UHLER MAKES OWN BOOK

Family History Hand Made and Illustrated.

USED ODD MINUTES

Took Four Years to Complete Work.

Carl H Uhler, 1005 East Moore street employed with the Linn and Scruggs company has just completed an illustrated copy of the family record which is all hand work and is a piece of art which will be highly prized in the family for generations to come

The book is twelve by fourteen inches in size and is bound in Brown Turkish morocco and has an outside case to protect The binding itself is a very beautiful thing but the hand printing and water color decoration on the inside make of the whole a very lovely thing It has been the pastime of about four years, and a page would take the spare time of evenings which Mr Uhler had to give it for a full week and sometimes for ten days As there are about 100 of these pages it is not to be wondered at that it took some time to complete it It is beautifully illustrated in water color and drawings, also Mr Uhler's work and has photographs of many members of the families

BACK TO 1319

So far as the genealogy is concerned in some instances that goes far back in one case to 1319 The book contains the history of both Mr Uhler and that of Mrs Uhler

Some of the pages of the then unfinished book were exhibited a year ago at the Art Institute and attracted a great deal of attention and brought forth many compliments on the work

HAS MADE OTHERS

This is not the first book of the kind which Mr Uhler has made for he has done a number but a similar one to this is meant for children making one each for Clark Uhler and Miss Mary Uhler

Commenting upon his work Mr Uhler said 'It is just a pastime with me but I have always enjoyed doing it'

MILLIKIN SPEAKING CONTEST JAN. 10

McDavid Prize to Be Contested for.

The McDavid Prize Speaking contest one of the annual contests in the public speaking department at James Millikin university, will be held Jan 10, according to announcements from William L Young, head of that department Preliminaries will be held Dec 8 however and semi-finals will be held Dec. 15 Because of the great number of students who respond to the announcement of this contest, it is necessary to hold the two preliminary trials on the dates named, before the final public contest can be staged

All students taking public speaking at the university enter the contest and are required to memorize a selected speech of not more than six hundred words

TO SELECT 25

There is no minimum length to the speeches this year Such speeches will be delivered in the presence of the instructor of public speaking and his assistant, Robert Taylor This first presentation will constitute the preliminaries and will begin, as stated above, on Dec 8 Twenty-five of the best speakers will be selected to take part in the semi-finals

The semi-finals will begin on Dec 15 and will be judged by a committee of three chosen by the contest committee of the faculty The judges of the semi-finals will choose six men and six women to take part in the public exhibition This public contest will be held in Kaeuper hall on the afternoon of Jan 10 The judges for the final contest will also be selected by the contest committee of the faculty The judges will award the fifty dollars provided by Horace McDavid in at least two but not more than three prizes Freshmen not taking public speaking may try out for this work by making arrangements with the instructor in public speaking before Nov 25

Since the McDavid contest in previous years has attracted a great amount of interest and due to the splendid interest in the recent Brown debate coupled with the plans being made to have debating for women at Millikin a record number of candidates are expected to enter the first preliminaries in December

SEARCH WARRANTS UPHELD BY COURT

Judge Baldwin Points Way to Careful Wording.

The motion to quash the search warrants under which liquors were taken from the private homes of Arthur Shook and Conrad Bleuz was overruled by Judge Baldwin in the circuit court Thursday afternoon at 4 30 o'clock

Attorney W F Redmon J T Whitley and J R Fitzgerald argued in behalf of the motion to quash and States Attorney C F Evans and Assistant A R Ivens argued that the warrants complied with the requirements of the statute

INTERESTING POINT

In announcing his decision Judge Baldwin said that the discussion had been highly interesting and he thanked the lawyers for their diligence in their investigation of the law covering the points raised in the argument

'I believe that these lawyers are sincere and they have given unlimited care and attention in the investigation of the subject Whatever may be the conclusion of the court it is not insensible to the care and research that has been devoted to this subject However I don't believe any one interested in this case would be guilty of drawing up such documents as the ones under discussion'

SHOULD CONSULT LAWYER

Judge Baldwin then made it plain that the drawing up of a search warrant that is valid is a rather intricate matter, and he said that all officers whose duty it is to enforce the law should consult with some officer whose duty it is to interpret the law, intimating that the best policy would be to have the state's attorney draw up such search warrants

He said by doing this much time and expense could be saved He said it was no wonder that peace officers dislike to serve search warrants If the warrant is void the officer's work is in vain If an officer of the law exceeds his authority in taking property under a search warrant the property so taken must be returned to the owner

Judge Baldwin took up each objection separately but in each case he held that, while the wording of the warrant was ungrammatical and could be greatly improved still it complied with the requirements of the statute But because these warrants were not carefully drawn,' said the court, 'there had been a waste of several hours time in this case"

Says Dandruff Causes Baldness

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely destroy your hair if you don't.

Dandruffy heads mean faded, brittle, gray, scraggly hair that finally dies and falls out—new hair will not grow—then you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely and safely, and at little expense, there is nothing so effective as Parisian Sage, which you can get from Decatur Drug Co., and good druggists everywhere. It is guaranteed to banish dandruff, stop itching scalp and falling hair, and stimulate new hair to grow or money refunded.

Parisian Sage is a scientific preparation that supplies all hair needs—an antiseptic liquid neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful soft, thick, lustrous hair, and lots of it by all means use Parisian Sage. Don't delay—begin tonight—a little attention now insures abundant hair for years to come.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

CICERO JOINS IN CRIME CLEAN-UP

Two O'Banion Murder Suspects Freed.

Chicago, Nov. 21.—The campaign against gun-men and crime in general, launched after the killing last week of Dion O'Banion, florist and gang leader, extended today to Cicero, Chicago's western suburb.

J. Z. Klenha, president of the village board of Cicero, announced he had ordered all questionable places closed as a result of charges that Chicago underworld characters sought refuge there.

FREE SUSPECTS.

Hopes of the police for a speedy solution of the murder of Dion O'Banion went glimmering yesterday when the only two suspects who have been arrested were freed on habeas corpus writs by Judge John P. McGoorty.

Frank Uale, New York gunman, had been "partially identified" by William Crutchfield, a Negro porter in O'Banion's flower shop, and this caused Judge McGoorty to withhold the release order for several hours. Then at noon, Charles H. Flasher, 2344 South Ridgeway avenue, a Pullman conductor, testified that both Uale and Sam Pollaccia, the other man held, had been passengers on his train from New York two days after the murder. This decided the court that neither Uale nor Pollaccia could have participated in the crime.

ST. LOUIS POLICE OFFICER LET OUT

St. Louis, Nov. 21.—Col. Phillip H. Brockman, president of the board of police commissioners, here last night said that charges which he believed had been preferred against Lieutenant William C. Murphy, who resigned yesterday, following suspension from duty pending investigaton of reported misconduct while in Quincy last week as a witness at the William P. "Dipty" Colbeck trial, would be heard at the regular meeting of the board next Tuesday.

Rheumatism

"Good-bye old crutch!"

THERE IS positively no longer any excuse for suffering the agonies of rheumatism! Especially in the autumn of your life, when the vital organs weaken, impurities multiply and linger in the muscles and joints, as never before. It is now, just now, when you cannot afford to guess. No day returns!

Here is a joyous fact which can mean to you a fond farewell forever to all the miseries, the tortures, the body-twisting pains that you have suffered from the demon of rheumatism. It is a fact that rheumatism means "blood poverty." It is a fact with the increase of red-cells in your blood, impurities are destroyed. It is a fact that S.S.S. will help Nature build these red-blood-cells! S.S.S. is one of the most powerful blood cleansers in existence. Its results in thousands of rheumatic cases have been nothing short of amazing! The medicinal ingredients of S S.S. are purely vegetable. This is very important to remember! What can be more inspiring, more wonderful than to see the shackles of pain released from your struggling body, swellings, lingering pains, stiffness of joints and muscles all disappear; your stomach made strong; your face pink with the old sweetheart glow, your blood enriched and your cheeks more plump as they used to be. You can do it! Take S.S.S, the great destroyer of rheumatic impurities.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

SHE MEANS RIGHT THING.

Millikin and Knox meet here in football tomorrow afternoon. It is desired to say a word of explanation in advance.

A spectator in the grandstand may observe and hear a charming young girl while she jumps up and down and yells to Millikin to "Kill 'em; kill that Knox Man!"

It is all right in its way; but don't take it too literally. The charming young lady doesn't want murder done then and there, but in her excitement she will not express her emotions accurately.

What she really means to call out to the Millikin players is to "Eat that Knox fellow; eat him alive!"

This is something different, a less bloodthirsty and more commendable sentiment. This is keeping inside the rules and all best traditions of the game.

"Eat 'em alive!" That will be plenty. The charming girl will be satisfied with this. She hasn't it in mind to ask for anything that is frowned on by the police, but you must understand how to interpret the words she uses.

Everything will be right and lovely if you keep all this in mind while you are at the game. You may wish to make a few remarks of your own, and that will also be right and proper.

A word to Millikin players—Knox is our own meat; and we like it rare, raw if you insist.

THE LADIES STAY WITH US.

Early birds to the master barbers' convention in Chicago this week were the grouches. They broadcast the message that ladies would have to find barber shops of their own.

One reason assigned was that lady patrons were flirting with the male tonsorial artists, and that sometimes these latter victims were susceptible. It would never do, so they wrote it down that barber shops must cease to be co-ed.

But it was different two days later when more of the master barbers got to town. The subject came up in meeting, where it was determined by a one-sided vote that the lady patrons are all right, that they are wanted and can always be sure of welcome.

The grouches were completely routed, and of course they should have been. There is no wine in their blood, nothing but mother of vinegar. They may continue to look sour if they wish, but even this will not cause them to be taken seriously.

It is another victory for the ladies, bless 'em. We are glad they triumph and will continue to patronize our barber shops. There is the danger that if forced to set up a shop of their own they might retailiate and refuse to let us in, and this would make a noise like the end of the world.

WILL TELL THE DEALERS.

Press dispatches bring the pleasing news that the price of coffee in American wholesale markets has broken more than 5 cents a pound since November 11.

And we are told that concessions in price are offered by "Brazilian interests." So you see it was really worth while to do some plain speaking to those people. They begin to see it is to their material interest to stay on good terms with us, the best customer they have in all the world.

The news of the break in the price of coffee does not seem to have got all the way around. It is the kind of story that travels slowly when it reaches the mass of consumers.

The late Ed Bramble used to say that when the cost of mailing a first-class letter dropped from 3 cents to 2 cents everybody in town had the news before night; but another time the price of a drop letter rose from 1 cent to 2 cents, and we had people in town who hadn't heard about it at the end of ten years.

But the price of coffee is dropping in the big market, and the news gets to us consumers in radio speed.

ONE OF THE EXCEPTIONS.

Jimmy Murray in Chicago is on trial for mail robbery. At times he is a practical politician in that town, one who is regarded as effective. And there is an old tradition that these effective politicians are pretty sure to be men of astuteness.

A day this week Jimmy threatened to do something serious to a court official. Because of this they at once took him before the court, to be dealt with summarily. There was considerable commotion, which got the attention of Jimmy's lawyer.

The lawyer turned back, rushed to the judge and put in this plea for Jimmy: "O, your honor, Jimmy Murray hasn't a bit of sense. I don't know what he's done now, but he doesn't know enough not to do it. Please excuse him this time."

And there was a feeling all around that the lawyer told only the truth touching Jimmy's limitations. Still Jimmy is in politics; said to be quite good at the game.

So we learn there are exceptions to the rule that the effective politician must be a man of sense and gumption. A few suspected as much.

ONCE WAS ENOUGH.

Mayor Dever of Chicago has some doubt about the advisability of spending $5,000 of the public's money to fix up sleeping quarters for "transients who can't find work."

Experience along this line has shown that some of them never will find work if they can have a warm place in which to sleep.

They experimented in Chicago a year ago, after the city had set up a free bunking house. There was work to be done and the pay was $7 a day. These transients out of a job would have nothing to do with this work shoveling snow, even though they were urged to get at it.

There were other resorts, soft drink parlors, that afforded warm loafing quarters during the day. In these the men were warm in the daytime, and at night they went to the free bunk house, where there was more warmth to be soaked up.

We are not advised how they managed to eat, but they did it somehow. They had food and warm shelter, so why should they go out and shovel snow at $7 a day?

But Mayor Dever isn't sure he yearns for another session of that kind.

ALL IN A LIFETIME.

A question is asked: How do the boys who give so much of their time to college games keep up with their classes?

It may have puzzled some. For weeks at a stretch these boys who are at the front in football don't seem to have much time left for anything else. But keeping up with the classes has been done other years as well as this; there is nothing new about it.

One might not care to furnish a diagram showing just how it is done. There is the suggestion that while some members of the class are out at football, upholding the honor and prestige of the school, other class members are not breaking any speed regulations in pulling away from the athletes.

It may be that those not actively in the games are honorable about it and refuse to take any advantage; also they can always do something else to fill in the time. They may feel the need and urge of giving about as many hours to observing the game and keeping up with the grand swing of school things in general.

No criticism is intended; the system may be altogether all right. Maybe most of the boys are getting out of all this a necessary and useful something they can't get from the books.

For example and illustration, there is the bookworm. And where is he at the finish? Maybe he missed something.

BETTER STOP IT.

President Coolidge told the lumbermen at Washington that they waste about two-thirds of the tree in cutting and getting it to market. He had some movie pictures along to show them just what he meant.

This is something that needs to be corrected. It is the first intimation some of us have had that lumbermen are wasteful.

We have known them to sell and collect for knotholes, and we always thought this was a little better than the packers, who "save everything except the squeal."

But we want something done about the president's remarks on lumber waste. It is wrong, and it may be they are charging us for it.

The moral we gather is that when they take a country club into the city it is no longer out in the country and becomes a misnomer.

Congressman Hull says that "Canada and Niagara are robbers!" And it won't help any to call out the militia.

J. M. U. is coming home tomorrow and it has made arrangements to bring along the bacon.

Once the defeated candidate was sent up Salt Creek, but Mr. Davis is now sailing the Mediterranean. Getting to be a better world.

Christmas savings are a quarter billion dollars this time, and now listen to the bankers asking us to carry it all back to them.

Those water raiders in California quit the little game, for which they have the thanks of the sheriff of Inyo county.

Another half million people will attend tomorrow's football games; they wish to be on hand when the "upsets" promenade.

They say that sometimes Al Tearney paid the bills out of his own pocket, but how did the news happen to get out?

For Dr. Will Barnes' entertainment in Cairo they put on a street gun fight, and they threw a few bombs for big measure.

But all of us gladly admit it is a fine thing to resign while the resigning is good.

We are to start over again on this North Main street repaving job, but we are getting so we can do it with our eyes shut.

Millikin and Knox, Greek and Greek, meet and mix tomorrow, and you cheat yourself if not there to help along the festivities.

THE RAZZBERRY BUSH

The Perspiring Reporter

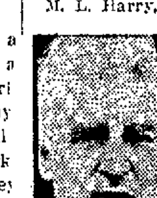

He Asked Five Prominent Citizens, Picked Carefully, a Question.

The Question.
Will Millikin beat Knox?

Where Asked.
Under the sycamore tree in Central Park.

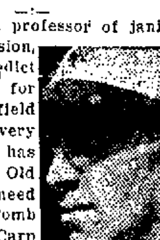

The Answers.

M. L. Harry, doctor of divinity.—I believe in doing it with gas. If the boys will follow my advice and use tangerine busses on the field, Knox won't stop them.

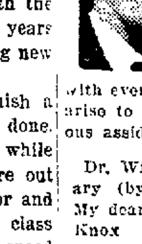

We are making a special cemetery rate for all Knox linesmen knocked out, and hope this will encourage Buddy Maxwell's charges. Service, including ice water at all times, is our motto.

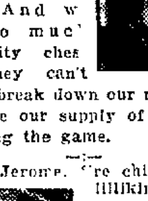

Bill Housten, professor of janitorial expression, J. M. U.—I predict a clean sweep for Millikin. The field is ready and every blade of grass has been polished. Old Siwash will need a lot of Sta-Comb before Joe Carp is through with them. Our whistle is all ready to toot all night.

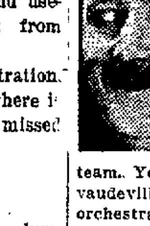

Mark E. Penney, jockey.—In the inevitable analysis, the palm of victory will reside here sits that strong and vigorous conglomeration behind the ultimate lineal transfiguration of chalk. Our community, weighing the eventualities with ever-increasing ponderance, will arise to the occasion with altitudinous assiduity.

Dr. Will Barnes foreign missionary (by cable).—My dear, they say Knox uses the cuddle system almost exclusively. I'm sure, though, that our fellows can pet as well or better. And we have so much community chest that they can't possibly break down our morale. And I do hope our supply of gum holds out during the game.

Elmer Jerome, fire chief. — Will Millikin win? Say, we've got the subtitles already picked for the movie of the victory. We're going to chew them up alive. Leo Johnson has fed them red raw meat all week. No jelly beans on our team. Yes, I'm going to have a vaudeville program without a jazz orchestra, some day.

My orderly, Harry Spayd, is going to help our brave fire lads turn the hose and wash old Siwash.

Decatur, Ill., Nov. 20, 1924.

Editor Review:

I have with no little interest and satisfaction read your editorial in the Nov. 19 issue of The Review commenting on the ability and character of the late A. T. Whitsel as a locomotive engineer.

It is and should be a great satisfaction to the men engaged in the vocation of pulling of the trains throughout our country to know that some one is so deeply interested in their work and their characters as men to editorially comment on them. It in this manner conveys to the public in general the information as to the nerve racking situation these men are in. As an individual I wish to thank you.

BELIEF.

Since laughter comes and laughter goes
And all the winds of summer pass,
When underneath the drifted snows
There sleep the violet and the rose,
The scarlet poppy and the grass,
Doubt you, beside your window pane
That summertime will come again?

So cold the wind, so bleak the sky,
So cruel is the sting of frost
That everything which charmed the eye
But yesterday as you walked by
From life now seems forever lost;
Yet do you doubt on such a day
That there will be another May?

When out of life the laughter goes,
And sorrow's winds blow bleak and cold,
And steal from lovely cheeks the rose,
And with death's seal fair eyelids close,
Then to your faith can you not hold?
Have you not courage and belief
To brave your winter-time of grief?

The barren fields shall green again
In silent trees the birds shall nest;
Then shall life desolate remain,
Bleak with eternal gloom and pain?
Are roses more than mortals blest?
Not so! For us who feel death's sting
God keeps a lovelier, ampler spring!

Little Benny's Notebook

I was setting on our frunt steps with my cuzzin Sue, lissening to her ask questions without ansering them on account of some not having eny anser and the rest not being werth ansering, and Sid Hunt and Puds Simkins starting to run past, saying, Come on erround the corner, Benny, the fellows are playing hop scotch and having more fun than little.

Aw heck, I got to stay with my cuzzin, I sed.

Aw come on, wat are you, a nerse? Puds Simkins sed.

Come on, wat are you, a sissey cuzzin minder? Sid Hunt sed.

None a your bizniss, wy dont you keep on going erround yourselfs if your so anxious, you big prooens, I sed.

Whose a prooen, you hammered down shrimp? Puds sed.

Hay, you funny face pickkel, who you calling a prooen? Sid sed.

Hay, you take that back, Puds sed, and I sed, O, all rite, you may not be a cupple of prooens but you oerteny look like a cupple.

Being a still werse of a insult, and Puds and Sid kepp on going laffing like 2 peeple trying to pertend they got the best of a argewment when they reely got the werst of it, me saying to Sue, Do you see that, if it wasent for you I could be erround there playing insted of setting heer jest setting heer.

Its good for you, Sue sed.

Proving you cant tawk to a dum bell, and after a wile Mrs. Prill stopped wawking past, saying, Well Benny, its indeed a plezzure to see a boy sitting on his own frunt steps like a gentleman insted of dashing about in frunt of my house like wild Indians so I can hardly heer myself think, the way those other boys are doing rite now, and Im jest going to give you a dime so you can tell the other boys about it.

Wich I did as soon as I saw them, espeshilly Puds Simkins and Sid Hunt. Proving a good action is libel to be rewarded no matter how mutch it herts at the time. LEE PAPE.

A THOUGHT FOR TODAY

"I forgave thee all thy debt, because thou desiredst me; shouldest not thou also have had compassion on thy fellow servant?" Matthew 18:32-33.

Forgiveness of sins is the basis of Christian hope. The grace to forgive our fellow man in love is an index of the value we place upon God's forgiveness of our sins in Christ Jesus. Beggars for God's pardon must not be tyrants with men.—Rev. R. G. Catlin, pastor First English Evangelical Lutheran Church of Decatur.

San Francisco, Nov. 21—F. F. Rogers, chairman of the state highway commission of Michigan, was Thursday elected president of the American Association of State Highway officials.

Three Boys Need Warmer Clothing

Day Nursery Reports Lads 6, 7 and 8 Years Old.

There are three boys over at the Day Nursery, who do not have the right clothing to keep them warm, Mrs. Mollie Hodgins, the matron there reports. These boys find the morning and evening air is nipping at them even now and when it gets colder they will suffer unless someone comes ot the rescue with help.

The boys are six, seven and eight years of age and the six year old boy is large for his age. They need coats, caps, sweaters and pants and it is hoper that out of the stock of outgrown ones on hand in many families, things may be found for them. They may be taken to the Decatur Day Nursery and he or she who does it will have had a hand in keeping these little bodies warm during the winter.

Find John Parks Guilty.

The jury in the case of John (Stormy) Parks, charged with selling liquor, returned a verdict of guilty in the circuit court at 3:30 o'clock Thursday afternoon, being out about three hours and a half. Fred Hamilton, attorney for Parks, made a motion for a new trial. If the motion is overruled Parks may go to the penitentiary, for this is his second conviction.

EGYPTIAN SIRDAR DIES OF WOUNDS

Cairo, Egypt, Nov. 21—(AP)—Major-General Sir Lee Oliver Stack, governor general of Sudan and sirdar of the Egyptian army since 1919, has succumbed to the bullets of assassins. He died late Thursday night in a Cairo hospital.

FINE VIOLATORS OF DRY LAW $1350

East St. Louis, Ill., Nov. 21.—Fines totalling $1350 were imposed upon six men for violation of the liquor law here yesterday at hearings in the federal court, while officers of the United States guarded the federal building and police patrolled nearby streets.

A large number of men from Williamson county are attending the sessions of federal court and there is bad feeling reported between these men, most of whom are said to be klansmen, and the defendants in court for violation of the Volstead act.

The Story of Decatur

50 YEARS AGO TODAY

(As Told By The Daily Republican.)

Professor E. A. Gastman, our efficient school superintendent, is now at Terre Haute attending a general meeting of city superintendents, now in session at that place.

Nothing doing in the police courts today.

If the thaw continues, we will soon have muddy streets.

Linn & Scruggs, the dry goods merchants, employ twenty salesmen on the first floor of their establishment.

The livery men are rigging up their cutters and sleighs, which will soon be in demand.

Some of the carriages which have been running to the depot have been hauled off since the cold weather has come.

THIRTY YEARS AGO

(As Told by The Daily Review)

Mrs. D. H. Conklin gave a dinner party in honor of the forty-first anniversary of her marriage to Mr. Conklin.

Dr. H. D. Heil, who had recently returned from abroad, gave a lecture on Europe at the Good Templar hall.

TWENTY YEARS AGO

(As Told by The Daily Review)

John A. Brown died at St. Mary's hospital from inflammation of the brain.

Decatur had since the first of November sent 227,000 pounds of turkey east for the Thanksgiving holiday trade.

Peter A. Hoffman and family moved to Riverside, Calif., to reside.

A Wall was to get $[illegible] [illegible] furnace on the Arcade building that had been burned.

Miss Emma Ewing entertained twenty two guests at a card party for Miss Ellsworth of Lafayette, Ind. "Sixty-three" was played [illegible].

TEN YEARS AGO

(As Told by The Daily Review)

City street cars began running till midnight Saturday nights as an experiment.

The city filed [illegible] Wabash railroad for [illegible] street crossings. The city did [illegible] wish to prosecute the train crew.

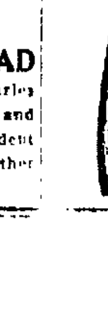

The Powers estate accepted plans for financing the [illegible] Orlando hotel. It has been leased to Lewis N. Wiggins of Springfield for twenty years.

RESIST PAROLE OF JOHN QUIRK

Petition Against Release Is Being Signed.

Tuscola, Nov. 21—A petition resisting the granting of a parole to John Quirk, former cashier of the Arcola State bank, who is now serving a sentence in the state penitentiary at Chester, was being circulated here Wednesday and Thursday. Quirk pleaded guilty to certain ones or a long list of charges in connection with the looting of the Arcola State bank a few years ago, and was sentenced to the institution of which he is now an inmate. It seems that he has now served a sufficient length of time to permit him to submit a petition before the state board of pardons and parole for his release. It is said that such a petition is being circulated by friends of Quirk, and it is in opposition to such a petition that the one is being circulated here.

NEARLY ALL SIGN.

So far as is known, no one to whom the petition that is going the rounds here, has been presented, has hesitated in the least about signing it With the Arcola State bank affair yet fresh in the minds of Douglas county people, many of whom lost heavily on account of Quirk's manipulation of the affairs of the bank, there is very little if any sympathy expressed here for him, and one would likely have to do considerable searching to find a single person who would favor having him released from serving his prison sentence.

POULTRY FLOOD

The Tuscola poultry houses are, as they have been for some time past, swamped with the amount of poultry that is coming to them. While they are dressing and shipping the stuff as fast as possible, as well as shipping some of it on foot, they have not been able to keep up with it.

There are very few turkeys in this part of the county, but a large number of ducks and geese have come into the market in the last few days Apparently there has been a great rush by the poultry raisers to get their surplus stuff into the Thanksgiving market That market so far as this part of the country is concerned has come to an end, and any fowls to go in for that occasion could be shipped from here to the eastern markets after the middle of this week.

BRINGS MUCH MONEY.

A large amount of money is continually being paid out by the poultry shippers here and there are very few people who realize what an enormous sum of cash is brought into the surrounding country by the sale of poultry and eggs.

BREVITIES

Mrs. Emily Davis of Eldorado, Ill., formerly Miss Emily Minturn of this place, was a Thursday visitor in Tuscola.

About twenty-five of the Tuscola Rotarians went to Mattoon Tuesday evening to attend a banquet served by the organization in that city, which lost in a recent membership contest.

Misses Pearl Heacock and Ruth Moore were visitors in Camargo Thursday evening

While Douglas county is not an apple growing county, there are a few local orchards in which there was a very fair crop of apples this year Those who have home grown apples are stating that on account of the continued warm weather, the apples are rotting badly and it does not appear that they will be able to keep them far into the winter season unless we have colder weather soon.

The Tuscola Cemetery association has announced a meeting of the lot owners to be held in the Chamber of Commerce rooms, for the purpose of hearing the annual report of the treasurer, and electing directors for the association, Saturday afternoon, Dec. 6.

RETIRED DECATUR MERCHANT SAYS "MY NERVES ARE NOW STEADY AS A CLOCK"

George Stears Praises Great System Tonic He Bought At The Quaker Drug Store—It Relieved Him of Stomach Trouble and Kidney Derangements.

In Decatur workshops, stores, offices and homes there are men and women who tire easily, they find it hard to keep going; their nerves get unstrung and their appetites dwindle away. Exertion or stooping brings on dizziness; sleep is broken; aches and pains are felt. These conditions are generally symptoms of stomach, kidney and liver diseases. It is dangerous to allow them to continue.

Pepgen—The Great System Tonic—was designed to relieve this state of health. Hundreds of Decatur people have been relieved by Pepgen; made to feel well; be hearty, vigorous and healthy. Among those who have been aided is George Stears, 2310 E. Prairie St. Mr. Stears is a retired merchant and is well known in this city. He said:

"For six years I suffered from general weakness complicated by a severe case of nervous dyspepsia and kidney derangements. During that time I spent much money for treatments and medicines without avail. My food disagreed with me. I couldn't sleep soundly. I felt tired and worn out. I lost weight until I became the mere shadow of my former self. Finally I was forced to give up my business on account of poor health.

"I had about decided that I would never take another drop of medicine. 'What's the use,' I said to myself, 'nothing helps me.' However, a very close friend of mine persuaded me to try Pepgen. I did so and from the first day I started to take Pepgen the turning point in my life began.

"By the time I had finished taking my third bottle of Pepgen I felt fine. I had gained several pounds and was stronger than I had been for years. I had a good appetite and a fine digestion. My nerves were as steady as a clock.

"I wish that I could induce every person who is in a run down state of health to try Pepgen. I know it will help them. But if only one person tries Pepgen through having read my experience, I shall feel repaid for having made it."

A nurse's profession keeps her constantly at the bedside, in attendance on the sick. She is therefore well acquainted with the actions of medicines. Because of this fact statements from nurses regarding their personal use of Pepgen are very interesting.

Miss Louise Henley, 43½ S. Second St., Newark, Ohio, a graduate of the Richmond, Va., Sanitarium, wrote: "For months I was troubled with almost daily attacks of headache. After eating, food lay like a lump in my stomach. Then gas formed and I felt bloated. I also had pains in my side and in my stomach. I took Pepgen for three weeks and all my troubles disappeared. In all my years of experience as a trained nurse, I never knew a medicine that gave such quick and satisfactory relief that Pepgen gave me."

Weak, nervous, run down men and women who need more strength, better digestions and a toning up of their nervous systems may learn more about Pepgen only at the Quaker Drug Co. Pepgen is also being explained at one leading drug store in every nearby town.

A Woman's Health Highly Important

Even Minor Ailments Often Serious Should Receive Prompt Attention — TRAINED NURSE GIVES ADVICE

To avoid the possibility of serious consequences, all women, particularly those nearing middle life, should take extra good care of their health.

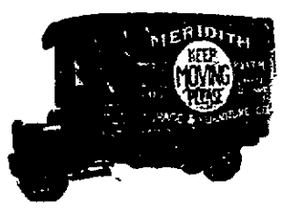

Hundreds of women, near the very Brink of Ruinous Ill Health, do not seem to realize the dangers of their condition—they are almost constant, perhaps daily, sufferers from Headaches, Pains in the Back, Faintness, Dizzy Spells, Spots-before-the-Eyes, Indigestion, Sour Stomach, Palpitation of the Heart, Shortness of Breath, Nervousness and a feeling of weariness or lack of strength—still, they work along, keep their troubles to themselves and hope for the best.

What a pity it is that women do not realize the grave importance of taking care of their health—of "fighting to the last ditch" even the most common or trifling symptoms of disease.

As a woman and TRAINED NURSE, I feel qualified to talk on this subject with intelligence and of value to all who will listen. In my daily work, I meet many different kinds of sickness and am familiar with the usual forms of medical treatment—but, in all my experience, I have never found a preparation of such prompt and beneficial action as a new medicine called Vigoriac.

For most ailments peculiar to women—Nervousness, Weakness, Lack of Energy, Endurance, Ambition—a general rundown condition, I believe Vigoriac to be of unusual value and strongly urge its trial before the seriousness of your condition makes the successful use of medicine improbable.

NOTE:—Vigoriac mentioned above, can be obtained from Decatur Drug Co. and Quaker Drug Co. and any other good druggist on a guarantee of money back if not satisfied. Big bottle costs $1.00—try it today.

MYSTIC SHRINE TO HOLD CEREMONIALS

Springfield, Nov. 21—Fall ceremonials of the Mystic Shrine will be held in the Shrine Temples at Peoria, Springfield and East St. Louis between the dates of Nov. 28 and Dec. 5, and will be attended by Nobles from all sections of downstate Illinois, the district covered by the three temples.

About 5000 Nobles from central Illinois are expected at the meeting here Dec. 3. Imperial Potentate James Chandler of Kansas City, national head of the Shrine, will officiate.

The Peoria assemblage will draw Shriners from the northern part of the downstate district, while the East St. Louis temple will take in the entire southern section. The Peoria ceremonial is scheduled for Nov. 28 and the East St. Louis meeting Dec. 5.

Large classes are in prospect for initiation at all three gatherings.

FOES OF MAYOR HYLAN TO UNITE

New York, Nov. 21—Plans to fuse forces opposed to Mayor Hylan into one body for the 1925 election were well under way Thursday.

Joseph M. Price, who has led fusion campaigns in previous campaigns, heads the movement which seeks to align all anti-Tammany interests into a homogenuous nonpartisan organization to fight Mayor Hylan and the rest of the Democratic city and county ticket in next year's election.

TRAIN WRECKER GETS LIFE TERM

Carlyle, Ill., Nov. 21—Charles Cain alias George Williams, negro, of Mason, Ga., was sentenced to life imprisonment in the state penitentiary by Judge F. D. Dove here Thursday in the Clinton county circuit court as a result of a plea of guilty to a murder charge.

Cain admitted throwing a switch, causing a wreck on the Baltimore and Ohio Railroad near Aviston, Ill. Oct. 3, in which Carl Vonallmon was killed, and was charged specifically with causing Vonallmon's death.

LIBRARY EXTENSION MEETS ALL NEEDS

Springfield, Nov. 21—(AP)—Desire for learning on the part of any one in Illinois who has eyes to read, and the will to ask for help, has been provided for by the Library Extension division, whose secretary, Miss Anna May Price of Springfield, has announced the division will outline a course of reading on any subject for the asking.

The division also will supply the books where necessary, she said.

SEARCH STATE FOR MEDICAL HISTORY

Chicago, Nov. 21—Archives of every hamlet, township and county of Illinois are being ransacked for data relative to medical events and to pioneer physicians and missionaries in the "Illinois country."

The Illinois State Medical Society in in aranging the program for the Diamond Jubilee attending its 75th anniversary celebration to take place early in 1925, has appointed a commmitee to compile the chronicles of medical men and medical practice in this section dating back to the times of the French explorers.

An appeal has been made by Charles J. Whalen, chairman, for loan contributions of documents, pictures, etc on these pioneers.

DENY HIGHT'S PLEA FOR VENUE CHANGE

Mount Vernon, Ill., Nov. 21—Declaring that he did not think a county could be found in Illinois where people were not familiar with the case, Judge J. C. Kern in circuit court here Thursday denied the petition of Lawrence M. Hight for a change of venue

C. OF C. VOTES TO ASK FUND LAW

Chicago, Nov. 21—Sixty four Chambers of Commerce of Illinois voted favorably upon the proposal to ask the next legislature to enact laws requiring the prompt distribution of public funds and the collection of interest upon all idle public funds, the Illinois Chamber of Commerce reported Thursday night.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two fold action: it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.—(Adv.)

CORRIGAN

by EDMUND SNELL

©1924 by NEA SERVICE INC.

1—CORRIGAN'S WAY.

BEGIN HERE TODAY.

Corrigan, proprietor of the great Orang-Puteh estate, is bound for Borneo in the little Dutch coasting steamer Haufah. Another passenger on the boat is Mrs. Irene Matheson. Corrigan's great fist fells the brutal first mate, who has been abusing a native woman aboardship. The gallant act is applauded by Mrs. Matheson.

The captain of the Haufah demands that Corrigan apologize to the mate, which Corrigan refuses to do. Finding they have 24 hours in Labuan, Corrigan and Mrs. Matheson go ashore. As they cross the gangway, the mate shakes his fist at them and swears venomously. Now Corrigan and Irene Matheson are strolling past a row of Chinese shops, stopping every now and then to examine the wares offered for sale in this sleepy little settlement. The tropic sun blazes relentlessly.

NOW GO ON WITH THE STORY.

Corrigan and Irene Matheson strolled past the single row of Chinese shops, stopping every now and then to examine the wares displayed for sale in one of the most sleepy settlements on the earth's surface. The tropic sun blazed relentlessly down from its realm of infinite blue.

"Who is your husband, Mrs Matheson?"

"Mr. Matheson" she smiled back at him.

Corrigan grinned.

"Of course," he said. "I know all that. But what's he do, I mean? Ought I to know of him?"

"I think you should," she said huskily, stirring up the soil with the end of her parasol. "Hope-Matheson is his full name."

"Hope-Matheson" echoed Corrigan. "Hope-Matheson" He was searching in his brain for something that would account for the familiarity of the name. Suddenly he started. "Good God" he muttered under his breath.

They turned in at the door of the freshly painted Rest House, and sat down at a table by the window.

"It's cooler in here," said Corrigan, and felt for his cigarets. The tips of his fingers touched something which lay at the bottom of his side pocket, something the existence of which he had forgotten entirely. He brought it out and placed it on the table in front of her. It was a cat carved in bone, with a broad, round head and a tail like a jug handle. The features had been dabbed on in paint, there was a red line running round the neck and patches in red and gold on either side of its body The whole affair was no bigger than the nail of his index finger.

"What do you think of that?" he demanded, grinning broadly.

She picked it up and let it balance on the palm of her hand.

He did not notice a queer light that flashed suddenly into her brown eyes, nor that the image shook as she held it. He was shouting something in Malay to the Chinaman behind the improvised bar.

"There's a story attached to that," he said, swinging his chair round to her side. "You know I patched up that brown girl on the boat? Well, I didn't want to take the thing, but she made me have it. She told me she could read the future like a book. She declared that there were only two cats like that in existence—and the other one—"

He paused uncomfortably, feeling that her eyes rested on his own

"Do go on, Mr. Corrigan," she implored him. "It sounds frightfully thrilling"

"The other one is in the possession of the girl I'm destined to marry. Sounds pretty good rubbish, doesn't it? I've ordered you soda, sugar and lemon-juice, with plenty of ice. Will that do?"

"Perfectly, thank you" She regarded him for a moment in silence. "Then there is hope for you, after all, Mr Corrigan," she said

He laughed aloud. "Yes, but what a hope, Mrs. Matheson"

"If I ever come across her," declared Irene Matheson, "I'll be sure and let you know!"

"Thanks, I'm sure you will."

The boy placed a tray between them.

Her brows wrinkled. "I wonder if you'd come?" she said, musingly.

Corrigan stirred the fluid in his glass.

"Of course I'd rely on you to judge—if she were—well, in any way suitable," he retorted slyly.

"It's a tall order, you know," she told him, "but I'll promise to do that, too. Would you really come, do you think?"

"From the ends of the earth!" declared Corrigan, bringing both fists on to the table—"at your recommendation!"

A shadow crossed the doorway and Corrigan looked up, to see a man, enormously tall, with a small head perched ridiculously between massive shoulders. He stooped as he entered and stood, with folded arms, gazing down at them, swaying from side to side.

Mrs. Matheson sprang to her feet. "John" she said faintly. "I—"

Corrigan rose slowly. He thought he had seen the short, thick-set form of the first mate of the Hau-fah, stationary in the roadway beyond the newcomer. He half guessed who the stranger was and sensed that he had been drinking.

"Mr Corrigan, this is my husband," said Mrs. Matheson. He saw that she was white to the lips, and trembling. In the pale, twitching face under the topee he had forgotten to remove, Corrigan found sufficient evidence to tell him the reason of her fear and why he had been counseled to steer clear of Hope-Matheson.

"So sorry to disturb this delightful—er—tete-a-tete," said her husband, dropping into a chair by the door. "I must apologize, too, Irene for my lateness in coming to meet you. Didn't wait very long for me, did you?" He sat there, grinning inanely. Suddenly he remembered his hat, looked round for a hook, and eventually threw it on the floor. "Suppose you and Mr.—er—thingumbob here—were too occupied in each other to think about your loving husband."

"Corrigan's my name," said the other for the second time that morning. He did not look at the girl, but knew instinctively that she was shamed and humiliated.

"Irish?" inquired Hope-Matheson, without any particular interest.

"Not so you'd notice it," retorted Corrigan curtly.

Hope-Matheson lurched suddenly to his feet.

"Look here," he shouted, "I've had about enough of this. If I were completely—sober, Mr. Corrigan, I'd break every bone in your body."

"If you weren't hopelessly drunk, Mr. Hope-Matheson, you wouldn't be so damned optimistic!" said Corrigan between his teeth. "I've had to give one of your friends a few lessons in politeness this morning already!"

A gentle touch on his sleeve checked him. He fingered his coat-collar as if it choked him,

"I'm sorry, Mrs. Matheson," he said quietly. "It's my confounded spleen. It always gets me like that." A grateful look in her eyes tried to tell him that it was just Corrigan's way— and she admired it, awfully! "Now, Mr. Hope-Matheson," he continued, "whatever our Dutch friend has presumed to tell you, I can assure you on my honor as a gentleman, that today is the first on which your wife and I have even exchanged a word. She didn't understand you were meeting her here, or she would have waited." He held out his hand, but the other man didn't appear to notice it.

"Come along, Irene," he said impatiently. "The boat may be putting out any moment." He stooped and fumbled for his hat. The Chinese boy shuffled across the floor and picked it up for him.

"They told us twenty-four hours," said Irene Matheson. "Is there really all this hurry?"

"Yes," said her husband abruptly, and stood back from the door to allow her to pass.

"Goodby, Mrs. aMtheson," said Corrigan.

"We shall see you on the boat," she cried.

"I'm afraid not."

Irene Matheson's heart stood still. "Oh! but I thought—"

"I've decided to stop here for a while. I'll come on by the next boat. I'm sending up for my barang."

She came back and shook hands with him across her husband.

"Ever so many thanks," she said, "and good luck."

Hope-Matheson pushed out into the road, fury in every line of his white face

"From the ends of the earth," whispered Corrigan— and she was gone, her face flushed to the roots of her hair.

Corrigan fished out some notes to pay the boy, and caught sight of the absurd Chinese cat she had left standing on the table. He picked it up and held it to the light.

"If she had your double, you little devil," he declared, "I'd—!"

HEADACHE

Hurry! Get a 10c package of Dr. James Headache Powders

Two minutes! Headache gone! Distress and pain from any headache fade away, your head clears and you are again ready for work or play. Druggists sell millions of "Dr. James Headache Powders" because they are safe.

The image of Mr. Hope-Matheson dried up the remainder of the sentence. "I don't know what I'd do," he concluded truthfully.

Danger Signals of High Blood Pressure

"Dizzy spells, hot flashes, pains in the head, shortness of breath, sleeplessness, and nervousness usually indicate high blood pressure," warns physician who found treatment to reduce it.

These are symptoms which show an accumulation of poisonous waste matter in the system or that one or more of your organs has weakened and caused the heart to be overtaxed. Check it at once for it is known high blood pressure brings on hardening of the arteries, apoplexy, Bright's disease, and often sudden death.

Norma, a harmless purely vegetable medicine and a physician's prescription, reduces blood pressure so surely it is regarded as a great medical success. Often one bottle brings prompt relief. Ask for Norma for high blood pressure.

He laughed at Kellogg's ALL-BRAN

Now read this letter of thanks from Mr. Kane. It speaks for itself. Remember, it is because Kellogg's is ALL BRAN that it was so effective in his case—just as it has been in thousands of others. Only ALL BRAN can produce 100 per cent results.

My dear friend:

Imagine a young man weighing 165 pounds in the course of a few months parked in bed, a weakling weighing 94 pounds. An elderly lady whom I knew since I was a kid paid me what she thought was a last visit. Upon being told of my plight she immediately mentioned your product for such an ailment. Maybe some of us didn't look upon her views very lightly . . . it was to laugh!

My dear friend, I am still laughing . . . not at your product, but because I am able to. I am telling you and the world at large, "Eat Kellogg's Krumbled Bran!" It should be called "Constipation's worst enemy." I owe you my heartfelt gratitude. I can talk, and whenever the opportunity presents itself, my mouth is always full of bran—Kellogg's Krumbled. Wishing you countless days of progress, I am

Yours for success,
John M. Kane,
220 Salem St., Woburn, Mass.

Eat Kellogg's ALL-BRAN regularly to relieve constipation permanently. Two tablespoonfuls daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money. You will like the delicious nut-like flavor. Sold by all grocers.

SHELBYVILLE LOSES ANOTHER LANDMARK

Old Store Building in Moulton Razed.

Shelbyville, Nov. 21.—One of the old landmarks of Shelbyville is to be dismantled and the lumber used to erect farm buildings. Dr. W. J. Eddy has purchased the store building at 3119 South Fifth street and will tear it down and take the lumber to his farm. The building is an old landmark of Moulton, having been built nearly sixty years ago. During the late years the building has been occupied by a grocery store operated by George Moyer. Mr. Moyer recently sold his stock of goods.

The Thomas Barker blacksmith shop, another old building in Moulton, was torn down recently. For many years this was a busy place in the Moulton district and was operated by Thomas Barker, father of J. B. Barker.

THREE TO FEDERAL COURT.

Pratt Taylor, deputy United States marshal, of Danville, was in Shelbyville Thursday morning and took into custody Solie Askins, James McMahan and Charles Burnett on charges of violating the Volstead law. The men were taken to East St. Louis to appear in the next session of court there.

The following is a list of men subpoenaed by Mr. Taylor while here, to appear in the federal court at East St. Louis as witnesses on several prohibition violation cases: J. W. Quigley, Floyd Biggs, Eber Herring, Thomas McMahon, Clete Hinton, Paul Smith, Charles Cruitt and John Downs. These men were called to appear in court at 9 a. m. Monday.

IN CIRCUIT COURT.

The Ostermeir vs. Pikesh case occupied most of the day Thursday in the Shelby county circuit court. After the jury was completed in the morning hearing of evidence was begun and continued until late Thursday afternoon.

When court opened at 9 o'clock Thursday morning the jury on the case of Pollard vs. Wallace returned a verdict, awarding damages of $417.43 to the plaintiff.

CARS COLLIDE

Late Wednesday evening an automobile collision occurred which might have proved more serious than it did. A big touring car driven by Calvin Sherburn was greatly damaged when it was struck by a Ford car driven by a boy from Findlay. The collision occurred at a crossing intersection near the west end of Shelbyville. The Ford car was damaged to such an extent that it could not be driven away. Happily no one was seriously injured. The five boys who were in the Ford are paying Mr. Sherburn for the damage done his car.

IN CRITICAL CONDITION.

A report from the Shelby County Memorial hospital seems to indicate that Waverly Brown, the victim of an accidental gun-shot wound inflicted Tuesday afternoon, was in a very serious condition, perhaps slightly worse than on Wednesday.

JUNIOR PLAY.

A large audience was present in the high school auditorium Wednesday evening to witness the Junior Class Play, "Am I Intruding?" And the concensus of opinion among those present seemed to be that the play was one of the most excellently prepared plays presented at the high school auditorium in recent years.

The play was prepared under the direction of R. C. Fox of the high school English department, and the business management was under the direction of Miss Florence Bash, adviser to the Junior class. The cast included the following students: Mary Jackson, Glen Miller, Roy Heltons, Lois Gepford, Clifford Barbee, Freda Archey, Clarence Corley, Georgia Kelley, John Foor, Mildred Miller, Gayle Lichtenwalter and Madge Sparks.

The Juniors will realize nearly $120 profit from the play, and this money will be held by them to use in producing the high school annual of next year.

Illinois Amazed at Health Building Powers of KARNAK

Hundreds Here Daily Report Phenomenal Results from Andre's New Treatment!

Karnak, the sensational new treatment of M. Pierre Andre is proving so remarkable in building up health and bringing relief from suffering that it has become the talk of Illinois. The entire state is amazed.

Never before has any treatment brought forth such an avalanche of praise from happy people made well and strong with a quick return of energy, vigor and vitality. Typical among these is the case of Harry Brooks, well known jeweler at 1804 Third Ave., Rock Island, Ill.

Mr. Brooks suffered for two years from nervous indigestion and dyspepsia which resulted in a general run down condition. He says his appetite was poor and he scarcely ate enough to keep body and soul together. He was nervous, restless and had terrible headaches and distress from gas on the stomach. He was underweight, felt tired and worn out all the time and in fact was in a miserable condition.

"But, you just ought to see me now," he declares. "Karnak put me back to feeling like my old self so quick I could hardly believe it. I eat three hearty meals now, enjoy every mouthful and never suffer from indigestion, nervousness, gas or headaches any more. I am full of life and energy and am gaining weight right along. I'll never be without Karnak again."

Try Karnak yourself! And, remember Karnak Pills are an essential and vitally important part of the Karnak treatment, especially if constipated.

Karnak is sold in Decatur exclusively by the Decatur Drug Co., and by the leading druggist in every town.

LEGION MEMBERS CRY DEAD RABBIT

Teams Organize for Big Hunt Dec. 7.

AFTER NEW MEMBERS

Losers in Hunt Must Prepare Dinner.

"Dead Rabbit" [illegible] are decorating [illegible] ats to-[illegible]. It is the [illegible] of the A[illegible] Legion for the [illegible] rabbit [illegible] which is to take place on Sun-[illegible] Dec. 7.

Members of [illegible] Williams post [illegible] divided into two war-[illegible], the Reds and the Blues [illegible] purpose. Dr. C. L. Cassell [illegible] H. P. [illegible] are the respective [illegible] generals. At a meeting [illegible] day noon each commander [illegible] his captains for the battle.

AFTER MEMBERS

At the same time the "Dead Rab-[illegible] and the team organiza-[illegible] will be used in a membership [illegible] that is being waged with [illegible] than ever before. With [illegible] possibility of obtaining a real A[illegible] Legion club room all their [illegible] enough members can be [illegible] to warrant it, the local post [illegible] with vigor [illegible].

[illegible] important preliminary step will [illegible] of a service census [illegible] will be compiled with [illegible] club for ex-service peo-[illegible] and an attempt made to get every one of them into the Decatur post. The city has been divided into sections for this work, with a captain in charge of each.

HUNT DEC. 7.

The membership campaign will terminate with the pursuit of the actual rabbits on Dec. 7. On the next night, the post will gather for a large chow, not in army style, at which the losing side will act as kitchen police. Every new member secured by the teams is to count as one "dead rabbit," to be added to the bunnies shot in reality.

Commander Carl J Meacham and Adjutant Charles Stough, newly elected officers of the post, are busy with plans of membership and post activities and community service for the coming year. The rabbit hunt and the club room prospect are uniting interest in the post. Ben Gullett, local membership chairman, is doing much of the work on the firing line, also.

DUES BY INSTALLMENT.

The installment plan recently adopted makes it easy for new members to sign up. The dues are $3.50 for the year, but this can be paid in amounts of $1.00 twice and $1.50, before Jan. 1. These cards have been distributed to the Red and Blue teams for use in the membership drive.

The newly organized Legion Drum Corps is progressing splendidly, under the coaching of Sergeant George Henley, drum major. Fred Hoyt, who is county membership chairman, is planning to take the drum corps with him to meetings in the smaller towns in the county, to help in arousing enthusiasm.

Decatur is expected to keep pace with the advance being made by the Illinois department of the American Legion, which to date has signed more members for 1925 than any other state.

ASK HOWARD SAVAGE

As an added incentive for a rousing meeting on Dec. 8, Howard Savage, of Chicago, commander of the Department of Illinois, has been asked to be present. Word is expected from him in the near future.

Following are the teams for the membership drive and rabbit hunt:

PUPILS AT EASE AS PARENTS VISIT

See Actual Work As Performed Each Day.

LARGE ATTENDANCE

Estimate More Than 4,000 Made Visit.

Admiration for the perfect ease of the pupils in the grade and Central Junior high schools during the evening of visiting, Thursday was expressed by both parents and supervisors, who feel that this lack of self-consciousness has come about through the careful training the pupils have had. The great number of visitors contained many children, about 150, who were below three years of age, some of whom were held by the parents and others stood in the aisles, yet these little folks did not annoy the pupils in recitation.

ESTIMATE 4,000.

The plan of showing the fathers and mothers of the city just what their sons and daughters are doing in the school was carried much as was the plan last year, but the attendance is estimated as much larger. Counting 200 to each of the grade schools which is a low average, the fourteen graded schools of the city would have had 2,800 visitors alone, and with 750 per Junior high which again is low there would have been more than 4,200 people who turned out for this evening of visiting. In some of the schools the number went higher than that and it is thought that as many as 1,000 must have visited each of the Junior high schools, running the estimated number of visitors close to 5,000.

AUTHORITIES PLEASED.

School authorities are much gratified at the interest taken in the schools Thursday evening. Miss Sarah Mark Imboden and Miss Harlett Zoe Conard who were taken to all the schools in a car were well able to estimate not only the crowd attending but they remarked upon the keen interest of the fathers who had turned out in great numbers, surprisingly large it seemed to them. Miss Imboden said that coming in contact with the Mothers' clubs as they do they know the keen interest of the mothers and were highly pleased with the fathers' interest.

SEE DEMONSTRATIONS.

In one of the schools where a relay fraction race was carried on the fathers attending saw something which pleased them greatly in the fine demonstration of the good work the pupils are doing. Geographic lectures covering the ground the pupils have covered this fall were given with lantern slides in the Durfee, Oakland and French schools, by these pupils, with perfect ease.

The plan of having the pupil come to the front, make his recitation and then have the other members of the class criticise the work was carried out as is done each day and in this the pupils had to face not only their school mates but their parents as well, yet it was done with the same ease which characterizes their usual daily work.

SEE ACTUAL WORK.

"This is one of the biggest things we do," said Miss Imboden in commenting on the visitation. In no better way could the work of the schools be put over to the parents, she thinks than in having them see for themselves just how it is done.

Attendance Thursday evening was especially good. Pupils were marked for their presence or absence. Attendance estimates were: Junior highs about 1,000 each; Pugh, 500; Lincoln, 300; Oakland, 175; Roach, 300; Gastman, 250; Homewood, 40; Oglesby, 200; Jackson, 200; Riverside, 200; Dennis, 200; Warren, 200.

In some of the schools attendance was nearly perfect and in the Jackson school Dr. W. S. Keister of Decatur, public health director, and Dr. Walker of New York City gave brief health lectures.

One of the very noticeable things during the evening was the attractiveness of the fully lighted schools, for the lights shone from every window and the teachers who made the tour of the city found that in some instances cars were parked for blocks about the schools.

64 TOWNS FOR TAX DISTRIBUTION

Associations of Commerce Vote for Legislative Action.

The Decatur Association of Commerce is one of sixty-four similar organizations in the state that have voted in favor of asking the next legislature to pass laws requiring the prompt distribution of public funds and the collection of interest upon all idle public funds. The vote was cast in a general referendum of the Illinois Chamber of Commerce, which has made public the action of its member organizations.

GRANT ANDERSON SING SING PAROLE

Ossining, N. Y., Nov. 21.—The state board of parole ordered the release on parole from Sing Sing on Christmas eve of W. H. Anderson, former state superintendent of the Anti-Saloon League.

RAMEK IS NAMED TO HEAD CABINET

Vienna, Nov. 21.—The government crisis was ended with the election of a cabinet headed by Dr. Rudolf Ramek as chancellor and minister of the interior.

MORE JELLY FOR D. M. C. HOSPITAL

Brought in From Casner Home Bureau Unit.

Mrs. Pearl Rucker of the Casner Home Bureau unit brought twenty-five or thirty glasses of jelly into Decatur, Thursday to be added to the supply for the Decatur and Macon County hospital.

This jelly which was collected through the efforts of the Hospital Service-League during the fall has made a beautiful array and insures much jelly comfort for patients out there this winter. The number of glasses is now about 3,600.

You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here, right in town and Decatur Drug Co., West's Lincoln Square Drug Store, and every live druggist has it.

It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so-called because it is compounded solely for the purpose of relieving all joint ailments.

Just rub it on the tormented, lame joints and in just a few seconds it will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is so clean and stainless that you can rub it on often and get thereby, results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago, and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

Always remember, when Joint-Ease gets in joint agony gets out—quick.

Do YOU Lack Strength and Ambition?

Here Is Good Advice.

Peoria, Ill.—"I can highly recommend Dr. Pierce's Favorite Prescription for weak women. I had become all rundown, weak and nervous and had no strength or ambition. I could not eat or sleep and suffered with backaches and bearing pains. I was miserable when my sister advised me to take Dr. Pierce's Favorite Prescription and it has made me feel like a new women. I can eat and sleep well, can do my work without feeling fatigued, and all the pains and aches have left me. Favorite Prescription has built up my entire system and made me strong."—Mrs. Harry Unes, 403 Steubenville.

SOCIAL NEWS

CIVICS DIVISION HEARS TALK ON ILLITERACY IN U. S.

According to a paper prepared and read by Mrs. H. F. Carmichael at the meeting of the Civics division of the Woman's club Thursday morning in the club rooms in the Congregational church, there are five million persons in the United States who can neither read nor write in any language. In the state of Illinois there are 173,000 illiterates, 30,000 of whom are native born. The lowest per cent of illiterates in any state in the United States is found in Iowa. The reason for this is the campaign the women of that state have made to encourage education.

Kentucky is deserving of mention as the women of that state are striving to reduce the number of illiterates, as the discovery of the number of illiterates who entered the World War was appalling.

At the last election there were 84,000 male voters and 85,000 female voters in the states who could neither read nor write. The slogan for the Woman's club and for all women should be, "Every One Teach One," according to Mrs. Carmichael's paper, the general subject of which was "Club Women's Part in the Illiteracy Campaign."

Miss Rose Elliott gave a magazine article on the subject, "Four Years of the Nineteenth Amendment." This article was followed by a general discussion of the subject.

MRS W. F. PICKLE entertained a number of guests in her home in Summit avenue, Thursday, with a pretty 1 o'clock bridge-luncheon. The color scheme of pink and yellow was carried out in the house and table decorations and in the menu. Vases of sweetheart roses tied with tulle and baskets of pink roses tied with yellow tulle were used in attractively decorating the house. In the center of each table was a tiny vase of sweetheart roses tied with yellow tulle.

Six tables of bridge were at play following the luncheon, high score prize going to Mrs. Marion Allen, second, Mrs. Lester Hamman, and consolation, Mrs. T. C. Schudel. A guest prize was presented Mrs. Ben Sturgis of Shelbyville.

Mrs. H. V. Taylor, 752 West Decatur street, entertained with five tables of Mah Jongg in her home, Friday afternoon in honor of Mrs. Walter Craycroft, who is leaving in the near future for California to pass the winter. The color scheme of lavender and rose was used in decorating the house and tables and the same color combination was used in the menu. Red roses and lavender sweet peas in baskets, tied with gold tulle were used.

Following the play a two-course luncheon was served by the hostess. Miss Lenore Miller of Chicago and Mrs. J. W. Smurr of Springfield were out of town guests in attendance.

* * *

Mrs. G. W. Wallace, 1122 North Broadway street, entertained members of the Woman's Lable League, No. 464, Thursday evening, Nov. 20, in her home. A handerchief shower was given three members in observance of their birthday anniversaries, namely, Mesdames Reeves, Dorsey and Wallace. Refreshments were served.

Gray Hair Banished! —or Money Refunded

At last Science has discovered a new way to restore gray or streaked hair to its original color. Perfectly natural results in every instance—*without the use of dyes*. Absolutely different. Nothing else in the world like NORMOGEN. This clean, colorless liquid works wonderful transformation without muss, embarrassment or inconvenience. Does not give hair that harsh dyed look. Positively guaranteed. Try it at our risk.

It seems almost miraculous that a pure colorless and stainless preparation can actually restore gray hair to its natural color. But this is precisely what science has accomplished in NORMOGEN. No matter how gray you are nor what the former color of your hair was, NORMOGEN, one preparation for all colors of hair, will give the desired results. No more trouble and nuisance trying to match the original shade, as with a dye.

POSITIVELY NOT A DYE

Absolutely no need to send lock of your hair or give color description. One colorless liquid for all colors of hair.

You Can't Afford To Be Gray

No matter how vigorous you are—how alert and virile your gray hair will betray your age or give you that aged appearance that has caused tragedy in the lives of thousands. Your position is at stake. It is common knowledge that gray haired people are "Not Wanted." Your social status also hangs in the balance. You cannot mingle in your own set happily. Avoid all this unhappiness by using NORMOGEN.

Marvelous Results

"I have recommended NORMOGEN to a dozen of my friends. They all seemed so surprised at such marvelous results as my hair was snowy white," writes an enthusiast. Another writes "I would use it if the cost was $10.00 a bottle," and still another, "I never will be without it. It is the best on the market." No wonder we can absolutely guarantee NORMOGEN.

Shampoo and Wave Hair As Usual

You can shampoo your hair as often as you wish—you can have your marcel or permanent wave and NORMOGEN works on absolutely without interference of any kind.

NORMOGEN is a stainless liquid which may be used in any quantity with perfect safety. It is easy to apply and does not make your hair or hands sticky, mussy or greasy. On the contrary, NORMOGEN endows your hair with the sheen and lustre of youth, and keeps the scalp in a clean healthy condition.

Try Normogen At Our Risk

You are invited to try NORMOGEN at our risk. This guaranteed treatment is open to everybody—young or old. Your hair may be snow white, streaked or faded—yet NORMOGEN is bound to restore it to its original color in a perfectly natural way—without fuss, embarrassment or inconvenience.

MONEY BACK GUARANTEE

When you buy a bottle of NORMOGEN retain the druggist's sales receipt, which shows the date of purchase and price paid. Follow directions carefully and if you are not satisfied with results, send us the sales receipt within sixty days of the purchase date, and WE WILL REFUND YOUR MONEY. So wonderful have been the results from the use of NORMOGEN throughout the country, that we are now able to give you this iron-clad Money-Back Guarantee with every one-bottle treatment.

Plenty in Market For Thanksgiving Day Table

Attractive Array of Good Things to Eat—Oysters, Fruits, Nuts, Etc., in Quantities.

A plentiful supply of oysters will be on hand Wednesday for the Thanksgiving Day preparations toward which households are now looking. Live lobsters are promised for the Thanksgiving feast even if not used on the day itself.

IN ATTRACTIVE BOXES.

The market is full of things that make an attractive showing for the day and one merchant, Thursday, remarked about the beautiful packages and called attention to the difference in the dates of today and those that our fathers had to use. Dates then were thrown in boxes, shipped in the bulk and had to be cleaned by the individual, which was often an unpleasant task, not to mention the sanitary condition itself. Now the dates come into market cleaned, sugared, stuffed with nuts and other fruits and in the most attractive of packages.

FIGS SEPARATED HERE.

No change, the merchant said, is greater than the one which has been made in figs. The best of figs still come from Smyrna and they arrive in a condition which would be disheartening to the majority of people. These are then separated in this country into three crown, four, five, six or seven crown figs according to the size, which is governed by the spread. They are cleaned and sugared and prepared attractively. The California figs have a good flavor but a tough skin. Some umbrella figs are promised for Thanksgiving week.

A few of the big Spanish cluster raisins are in market now and sell at sixty cents a package but these big cluster raisins will be here in large quantities next week.

OTHER FRUITS.

The Florida oranges, the sweetest ones of all, are in now and getting better each week. Navel oranges are in market but they are sour and not at their best nor will they be for some time. Apples are not the best in the world this year and are high. The largest eating apples are coming from Washington.

NUTS PLENTIFUL.

Nuts are plentiful from the little shell bark hickory at eight cents to the larger of the English walnuts which sell for forty cents a pound. Other English walnuts are sold at thirty and thirty-five cents a pound. Almonds are thirty-five cents and the Brazil nuts sell at from twenty-three to thirty-cents.

GRAPEFRUIT DOWN.

Cranberries are priced from fifteen to eighteen cents a pound and grapefruit has gone down some within the last week with the coming of more of them into the market. The demand for them is good. Grapefruit is a morning favorite with the majority of the people until they are nosed off the breakfast table by the cantaloupe. As soon as the melon loses its sway grapefruit has already appeared. These are now sold at from four for twenty-five cents, to two for a quarter according to the size of the fruit. Oranges are three for ten cents to sixty cents a dozen. Oranges were cheaper last year than they had been in years and they will be as cheap this winter. Orange juice once a day, recommended by physicians for old and young alike, is possible now at a small price.

New York grapes, the Concords liked by almost everybody, are still obtainable at fifty cents a basket. California grapes at fifteen cents and twenty cents a pound are in large quantities and good sellers.

TURKEYS CHEAPER.

Merchants would not say Thursday what turkeys are going to be but they do say that they are going to be much cheaper than they were last year. Chickens, ducks and geese will run about the same price as chickens and fowls will be plentiful for the Thanksgiving table whether one wants to buy them full dressed or alive.

EGGS STILL SOARING.

Eggs did their very best and went above the sixty cents for the season, selling at from sixty to sixty-four cents a dozen. Chickens are thirty-eight cents full dressed, and sausage is selling at twenty-five cents a pound.

RABBITS COMING.

Rabbits are in the market occasionally and sell at thirty-five cents each, but the weather isn't cold enough to make it interesting to either the purchaser or the merchant. Cold, snappy weather will make rabbits attractive. The closed season for halibut is at hand, having come in Nov. 15, and will last until Feb. 15. This accounts for the boost in the price of this fish which now sells at forty cents a pound. All the halibut obtainable in that time must be frozen stock. A fine grade of smelts is expected for Friday which will sell at thirty-five cents a pound.

a Thanksgiving Treat

Cudahy's

Puritan

Hams and Bacon

THANKSGIVING—the day that justly calls for something different and better. This year make the day a real success by making it a complete Puritan Thanksgiving.

For breakfast—Puritan Bacon or Pork Sausage; for the main meal—a whole Puritan Ham; and then, for the evening bite—slices of cold Puritan Ham.

Finer flavor and greater tenderness are assured in Puritan Hams and Bacon because they are

ripened naturally

The rich juices of the selected young meats used for Puritan have not only been retained by the special Cudahy cure, but they have been properly diffused. Puritan meats are therefore good through and through—flavory, sweet, juicy and tender. Depend upon Puritan to make your Thanksgiving repast a real success.

THE GREAT ATLANTIC & PACIFIC TEA CO.

Menus for a Family
Tested by SISTER MARY

Breakfast — Orange juice, cereal, thin cream, country sausage, creamed potatoes, fried mush, sirup, crisp whole wheat toast, milk, coffee.

Luncheon—Minced lamb in potato cups, carrot straws, bran bread and butter, cinnamon drop apples, milk, tea.

Dinner—Roast beef, mashed potatoes, brown gravy, buttered brussels sprouts, winter salad, fruit taploca, whole wheat bread, milk, coffee.

Breakfast for a child under school age should not include sausage and fried mush.

Plain boiled carrots dressed simply with butter should be served to a four or five-year-old child in place of the "straws." The other dishes mentioned in the luncheon menu are planned especially for a child under six years of age.

MINCED LAMB IN POTATO CUPS

Two cups minced cold roast lamb, 2 tablespoons butter, milk to make moist, 2 cups mashed potato, 1 egg

Shape the mashed potato into cups, brush over with the slightly beaten white of the egg. Melt butter, add meat and stir with a fork. Add egg yolk beaten with four tablespoons milk. Remove lamb from the fire and stir in egg mixture, adding enough more milk to make moist. Fill potato cups with lamb combination. Place on a well-buttered baking pan and bake in a moderately hot oven until the potato cups are brown.

CARROT STRAWS.

Four medium-sized carrots, 4 tablespoons butter, ½ cup cream, 1 lemon, ½ cup sugar, 2 tablespoons minced fresh mint leaves, ½ teaspoon salt, 1 egg.

Wash and scrape carrots and cut in narrow strips. Drop into boiling salted water and boil 15 minutes. Drain and put in top of double boiler. Add butter, sugar, cream, grated rind and juice of lemon and mint leaves. Cover and cook over hot water until carrots are tender. Beat egg slightly and stir into mixture. Let stand over hot water about one minute and serve at once.

CINNAMON APPLES.

Six apples, 6 tablespoons sugar, 6 teaspoons butter, ¼ pound tiny red cinnamon candies, 1 cup boiling water.

Pare and core apples. Arrange in a baking pan. Fill cavities with sugar and butter. Add water and sprinkle with the cinnamon drops, dropping them on the apples as much as possible. Bake in a slow oven, basting often with the water in the pan. When tender remove from the oven and arrange on individual plates for serving. Pour over sirup in the pan and let cool. Serve with or without whipped cream. The sirup forms a jellied coating over the apples. The small cinnamon drops are better than the large ones.

Household Suggestions

Keep Under Water.

If you keep onions under water as you peel them they will not cause you to weep so copiously during the process of preparing them.

Candied Carrots.

Carrots candied with brown sugar after the manner of sweet potatoes are most delicious.

KITCHELL PARK TO BE ENLARGED

Rotarians Add 40 Acres to Pana's Playground.

Pana, Nov. 21—Kitchell park, which had been a playground for the city and site for the Pana chautauqua for the number of years, is to be enlarged by the addition of forty acres of land lying just east of it. This is made possible by the Pana Rotary club, which has entered into a contract with William D. Wilson, realty agent, for the purchase of the land, formerly the Stellar estate and later owned by the Cavanaughs.

The land recently was purchased by Joseph Fletcher of Dayton, O., and the intention was to lay it off in building lots. At the suggestion of Judge John Walter Preihs, a Rotarian, the club is purchasing this land to be added to Kitchell park. The Rotarian committee to raise the money for the purchase of the land is headed by Dr. F. J. Eberspacher, chairman, and he will be assisted by Judge Preihs and D. P. Bogle.

COMMUNITY BAZAAR.

More than 800 members and friends of the St. Patrick's parish were present Wednesday at the second and last day of the community bazaar and entertainment held by the south side parishoners. Dinners were served at noon and evening Tuesday, and at noon Wednesday. Fancy work and other articles were offered for sale, and in the evening there were vaudeville acts and other entertainment. Much credit is due Mrs. James Corman, chairman of the affair, also her assistant, Mrs. T. D. Kelligar.

PRAISE MEETING.

The Woman's Missionary society of the First Presbyterian church held its annual praise service Wednesday evening. A pot luck dinner was served at 6:45, and was largely attended. This was followed by an address on "Praise" by Mrs. Charles Dereen, and this was followed by a thank offering. Mrs. McTaggart and Mrs. Rex Seller sang a duet.

At 7:30 the society, assisted by the Westminster circle, presented a play, "The Slave Girl."

Mrs. Frank Downs entertained the Home Evonomics club at her home on South Fair avenue Wednesday afternoon. A very interesting program was given. The assistant hostesses were Mrs. Victor Grote, Mrs. Julius Broehl, Mrs. Rex Seller, Mrs. E. E. Combs, Mrs. Charles Downs and Miss Janet McKoy.

Miss Janet McKoy was hostess Tuesday afternoon to the Tuesday club, and the attendance was 100 per cent.

CHIEF COMING.

On next Sunday evening at the auditorium of the Methodist church the people of this city will have the pleasure of hearing Chief Skiuhushu, one of the country's most outstanding Indians, and a field worker of the National American Indian association. He will give a religious lecture and appear in native costume.

The chief drove his famous pony "Montana" from Montana to the White House in 1914, bearing a petition from the Governor of Montana and his people to grant all Indians full citizenship.

He has lectured on the Red Cross platform. Allied Relief and also was a four minute speaker during the war. It is the chance of a lifetime to hear this famous speaker.

Niantic Loses.

Dawson, Nov. 21—Dawson Independents defeated the Niantic basketball five 19-3 Thursday night. Cryder and Lercher scored all of the points for the winners. Dawson is looking for more games and urges managers to write Bob Garett at Dawson.

To Honor Grange.

Chicago, Nov. 21 — All Wheaton, Ill., plans to honor its famous son, Harold "Red" Grange, Illinois all-American back at a banquet in his honor there tonight.

Coach Bob Zuppke of the University of Illinois and Coach Stagg of the University of Chicago, will be present. Lyle N. Grange, Dupage county deputy sheriff, father of "Red" will be one of the honor guests.

Find Child's Shoes.

A child's brand new black shoe for the right foot was found by Irene Potts on North Jasper street and left at police headquarters.

The police also have a smaller child's black slipper for the left foot that the owner can have by calling at headquarters.

A PIMPLY SKIN SOON CLEARED BY SULPHUR

Any breaking out of the skin or face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

And That Isn't All—
Think of a Name for These Candies and Win a $25.00 Cash Prize

Read These Rules

Everyone is eligible to enter this contest except employees of the Decatur Drug Co., and their families.

You may submit as many names as you wish. Place each name on a separate blank.

Address all entries to "Contest Editor," Decatur Drug Co., Decatur, Illinois.

Name must not be longer than three words.

The winning name will be chosen for its originality and its advertising value.

All entries must be in or postmarked not later than 9 p. m., Saturday, December 6th.

The prize is $25.00 IN CASH, and the winner will be announced as soon as possible after the contest closes.

In case of a tie, the full amount of the prize will be awarded to each winning contestant.

The judges will be:

B. C. WHITSITT
Advertising Manager, Decatur Review
H. F. WILSON
Advertising Manager, Decatur Herald
L. F. KINISTER
General Manager, Decatur Drug Co.

You may use the Entry Blank printed in this advertisement, or secure additional blanks by calling at the Candy Section, at the Decatur Drug Store. Entries on plain paper, or any other form will not be considered.

Remember—

Contest Closes at 9 P. M. Saturday December 6th

You may submit as many names as you wish. Secure blanks at store.

Mail or bring your entries to the Contest Editor, Decatur Drug Co., Decatur, Illinois.

This line of luscious confections is made by a man who has devoted an entire life-time to the making of fine candies.

They are made of the purest ingredients obtainable, are appetizing to look at, delicious to the taste, and full of wholesome nourishment.

These candies meet the standard of all other Decatur Drug products—they are unsurpassable in quality, yet will always be sold at popular prices.

They will be fresh every 24 hours, and new pieces will be added as rapidly as they can be developed.

They will be displayed in bulk, but will be packed for you in boxes—no bags—and the winning name will be placed on all packages.

While it is not compulsory, we suggest that you secure a box of these candies, and test their marvelous toothsomeness. Then you can more appreciatively attempt the selection of a name.

Use the Contest Entry blank herewith, or secure a supply of them at the Decatur Drug Store Candy Section.

MAY CHANGE MEN

Zuppke's Illini [illegible] have some [illegible] changes from that which opposed Minnesota and Chicago. Captain Rokusek [illegible] move over from left end to tackle to make room for Stanley Muhl. On the other side of the line Shively will start as Miller's guard. Britton is slated to pastime at guard on defense but drop back while Illinois has the ball. Zup hopes to strengthen his forward wall by these shifts. After experimenting with Kassel in the backfield, he moved the end back to his old place although he may play back on defense.

Interest is at fever heat. The ticket sale has increased steadily in the past few days. The fans look for a close game with little to choose between the two teams. Victory for either will make the season successful for the winner, and the Bucks expect help from a six-year home game jinx which has followed both teams. They say it is their turn this year.

BAIT — FOR — BUGS

By H. V. Millard

To read some of the wails that are going up in defense of Al Tearney by his friends, those not familiar with the facts, would think that the men responsible for his forced resignation as head of the Three Eye had committed a crime, only a few degrees less than murder.

—◇—

The odd part about it is that most of noise is coming from fellows who have little or no interest in the Three Eye league. Wednesday in the lobby of the Great Northern hotel one of the best known writers in Chicago was yelling murder because Tearney was to be ousted but the same scribe couldn't have named the six cities in the Three Eye league for a hundred dollar bill.

—◇—

Another of the well known Chicago writers was equally as indignant that Al was to be given the gate and went on to tell how when he was down in bed for a month or more Tearney called every few days to ascertain if he needed anything. That was only characteristic of the man who has been brought up to be a good fellow. Al made his money in the saloon and cafe business by being a good fellow.

—◇—

But will any sane man say that he should be continued in office because he has been a good fellow.

—◇—

There isn't an organization in the Three Eye league but was made possible through the Fans' association. The money was put up by the fans. Some men have come into prominence through baseball but it was the fans who made it possible for them to gain this prominence.

These men may be for Al Tearney as a man, but they certainly owe it to the fans to put a man in office who will conduct the league along business lines.

—◇—

The statement has been made that Jack Ryan of the Peoria club, was offered the presidency and refused. There is no more truth in that than there is to the one that Al Tearney made a lot of money for the league last season.

It is not with a desire to cast reflection on Jack Ryan, who is a high class man in every sense of the word. However, Jack Ryan's name was never brought up at the meeting.

—◇—

The statement was also made that Jack Ryan would not accept the office if tendered him. As a matter of fact Jack Ryan advised one of the insurgents only a few days ago that he was not going out after the post—but that he would accept it.

—◇—

I has come to light that Jack Cleary, president of the Terre Haute club got up, to make the statement that Terre Haute may not be in the Three Eye next year but would accept a berth in the Central League. That was of course, the bunk for the insurgents to swallow, but he was quickly told that if it was put out as a threat they didn't care whether T. H. was in the league or not.

Evansville will be in the league and Terre Haute will be just where Evansville is.

—◇—

Getting back to the Jack Ryan end of the deal. The popular Peoria leader has said time and time again that he was through as head of the Peoria club. To the opinion of many that will be a big blow to Peoria. However, assuming that he is and that Bill Jackson or some one else opposed to Tearney might step in as a buyer of the Peoria club—why should Jack Ryan want to force Tearney on the new owner of the Peoria club. If that would be good baseball judgment then deliver us.

—◇—

Columns could be written on the Tearney affair. However, don't be led to believe that a great crime has been committed. To our way of thinking the mere suggestion that Tearney be kept at the head of the league in view of certain disclosures as to management is only insulting the business ability of some of the men who were responsible for his dethronement.

—◇—

If Al Tearney is running the Western League on the same basis as he has handled the Three Eye then there are more suckers in baseball than we imagined.

—◇—

There is one incident that was forgotten which will explain just why you have read a number of statements by various writers as to the worth of Al Tearney.

A certain Peoria writer got on Albert in no little way last summer. Another official of the Peoria club was in Chicago and Al told him of reading the article and feeling surprised that so and so would do that.

"When you go back to Peoria tell blank to take a few days off and come up here and have a visit. He can leave the check book at home and I will pay all his expenses."

Yes, you will find a number of the writers for Al and why shouldn't they be. But again. Has any of them mentioned his ability to run a half million dollar business.

—◇—

At the meeting Tearney stated that he had collected $245 in fines. One of the club presidents had checks showing that he had paid $205 in fines so that the other five clubs turned over but $40 which of course is impossible.

—◇—

One of the most amusing facts to be seen in connection with those who would have seen Al Tearney continue as head of the Three Eye league despite the overwhelming evidence of lack of management is the statement that the Three Eye was put in good financial shape by Al with the sum of $7,736.71 in the bank.

—◇—

Seven thousand dollars isn't to be sneezed at dear readers but this amount is known as a sinking fund. It has been the result of many years saving. In other words when Decatur entered the league three years ago the club officials were obliged to deposit in this fund the sum of $1,120.59 or the same amount the other clubs had as their share in the sinking fund.

After three seasons in the league Decatur's share has been boosted the great amount of $168.86 or a little more than $55.00 a year.

Still there are some who would have you believe that the $7,736.71 was earned through some great work on the part of Al.

—◇—

Had the officials of the Decatur Fans' association have taken the $1,120.59 and placed it out at six per cent interest it would have shown greater increase than has been made in the three years the city has been in the league.

—◇—

Facts are facts and no matter in what light one tries to view Al Tearney he is disclosed as impossible as to running a minor league. He has been kept in there by men who were either blind to business management or who did not have the best interests of the league at heart.

One thing is certain there isn't a man in the league who if using the same amount of business ability with their own club as Al showed would be in baseball today.

When you say Al Tearney is a prince of a good fellow that let's him out from a baseball standpoint.

—◇—

Some have given Decatur credit for being the big reason why Tearney has been ousted. If such is the case Decatur baseball men should have no apologies to make to any one. In less than two years from now even Tearney's greatest admirers will have to admit that it was the best thing that ever happened for the Three Eye.

Rival Coaches in Big Millikin-Knox Battle

LEO JOHNSON.

JOHN VAN LIEW.

It will truly be a battle between youth and age tomorrow at Millikin Field when Leo Johnson and John Van Liew match their respective ability at football.

Johnson is perhaps the youngest football coach in the I. I. A. C. while John Van Liew the Knox mentor has had many years of experience in the coaching game and with great success.

Johnson's career is well known to Decatur and central Illinois fans who have followed him through Millikin as a player and then as an assistant at J. M. U. and as head track coach at Bradley.

John Van Liew is a product of Grinnell College where he played quarterback on the football team. For three years he was athletic director of athletics at the Joliet Steel Works Club. For 10 years he was athletic director and coach at East High of Des Moines, Iowa and during the war he served for 14 months as camp director at Camp Dodge and now holds a commission as captain in the Reserves.

After the war Van accepted the post as athletic director at Champaign High where defeats were few and far between for his teams in all branches. This is his second year at Knox, succeeding Sam Barry, who left the Galesburg post to become baseball and basketball coach at Iowa University.

On Western Gridirons

OHIO STATE.

Columbus, Nov. 21—For a fourth straight day the Buckeyes were forced to go through practice on a slippery and snowy gridiron, the week's practice terminating without any scrimmage work in the preparation for Illinois. The varsity was on the offense and defense with the freshmen Thursday for two hours. The team left at 11 o'clock Thursday night for Danville, where practice will be held Friday afternoon. It will be the last game of the season for Klee and Cameron, backfield men and Young, Watts, Schulist, Kutler and Wilson, linemen. Twenty-nine players departed Thursday night and eleven more will go Friday with the main body of rooters. Coach Wilce has picked three centers, five guards, tackles and ends each, two quarterbacks, six halfbacks and three fullbacks for the first contingent. A large group of freshmen stars will also go Friday night. The rooting section will compose about a thousand Ohioans.

Twenty-five hundred tickets sent here were quickly sold and an appeal for additional pasteboards was turned down, as the stadium, yet uncompleted, will seat only 13,000 people.

PURDUE.

Lafayette, Ind., Nov. 21—Smoothing out the wrinkles is the task confronting the Purdue coaching staff, and this is being done without scrimmage. Thursday the men were excused from drill, but it was replaced with a long chalk talk. Individual faults were explained and the squad was again cautioned about the Indiana attack. Friday the squad and coaches will go to the Lafayette Country Club to remain until time for the great homecoming game Saturday. Every detail to prepare the new stadium for its dedication has been completed. Flagpoles have been erected in front of the stands and pennants from every conference school will fly when the game is called. Former varsity men and alumni have begun arriving and the greatest crowd in history is promised.

MICHIGAN.

Ann Arbor, Mich., Nov. 21—Passing was again stressed in the practice Thursday afternoon on Ferry field as the Wolverines continued to smooth out their attack for the Iowa game here Saturday. The work of the line in the Ohio game also has given the Michigan eleven hopes of making yardage against the Hawkeyes through the forward wall and Dutch Marion, fullback, is being carefully groomed for his part. Michigan's passes are expected to come from seven different backs in the Iowa game, as Rockwell, Steger and Parker all are being given a chance to brush up on the art. Friedman has been showing up better than ever in the week's sessions and will probably bear the burden of the aerial attack.

IOWA.

Iowa City, Ia., Nov. 21—Although Iowa City and Ann Arbor are more than 500 miles apart, Iowa will be represented by rooters at Ferry field when Iowa meets Michigan Saturday. How many depends upon all kinds of transportation conditions from Iowa roads to freight train schedules. The Hawkeye rooters have adopted the cowbell as their official noisemaker, and every traveler bound for Ann Arbor will be equipped with one. Iowa's hopes for victory are strong particularly in view of the fact that Griffen, mammoth center, will be in the game. Fisher's lameness may reduce this advantage, however, as the fullback did no appear to be in very good shape during the final practice today.

MINNESOTA.

Minneapolis, Nov. 21—The Minnesota football team put the finishing touches to its last week of practice on Northrop Field Thursday afternoon with a light dummy scrimmage against the Vanderbilt style of play. The Gophers will have nothing but a signal drill tomorrow to taper off the season's hard grind. In Thursday's practice all of the regulars were in action for the first time this week. Gross returned to his regular tackle position and Lidberg ran through a few minutes of work. Their actions today indicated that they will be ready to start in the last game of their college careers. The varsity spent more time than on any other day this week on its own attack for Saturday's struggle. The team ran through practically all the plays Coach Spaulding has handed out this year in a long signal drill that followed the light scrimmage with the freshmen.

INDIANA.

Bloomington, Ind., Nov. 21—Scrimmage with the freshmen, the last of the year, featured the Indiana workout Thursday. Two varsity teams fought up and down the field with the youngsters for more than an hour, after which the regulars were sent against a fresh youngster outfit and kept on defensive play. The regulars did not carry the ball at any time during their drill. Indiana students are worked up to a high pitch of enthusiasm over the annual scrap with their ancient rival and will send the largest delegation to Lafayette that has ever gone from here.

WISCONSIN.

Madison, Wis., Nov. 21—The Badgers went through their final work out on Camp Randall Thursday and the team will leave Friday morning for Chicago, where the final practice session of the season will take place.

The Badger plans and lineup for the Chicago tilt remain a mystery with the team holding lengthy session behind closed gates.

NOTRE DAME.

Notre Dame, Ind., Nov. 21—Warm windy weather like that of late March spurred on the Notre Dame football squad in its training here Thursday. The coaches took advantage of the favorable conditions and sent the men through a long drill winding up the afternoon's activities in the large gymnasium with a dummy scrimmage.

Work on the field consisted of rehearsals in various fundamentals such as tackling, and tactics basic of a perfect defense. Drills will be concluded Friday afternoon and Rockne will take his outfit to Chicago early tomorrow evening. The team will stay at the Auditorium hotel during its sojourn in Chicago.

CHICAGO.

Chicago, Ill., Nov. 21—There was no lessening of tension on the Stagg Field Thursday night, but there seemed to be slightly more confidence on the part of the Maroon team. After Coach Stagg had put the squad through an unexpectedly stiff scrimmage, the belief obtained that Wisconsin would have to be pretty good to win the game.

Sagg faces a much easier task in keying his team for this game than he ordinarily does, because the players are eager to win the championship. The players are concentrating on the game. They are more alert mentally than they have been at other times this season. Chicago may not reach the pitch that it did for Illinois but this game should bring forth the next best effort of the year.

Field Judge—Crooks (Illinois).

BY HOWARD V. MILLARD.

With Millikin taking the last workout this afternoon and the Knox squad, 24 strong, enroute to Decatur, there is little but the fans to await but the opening whistle tomorrow afternoon that will send the two undefeated I. I. A. C. teams at each other in one of the most important games of the middle west.

Coach Van Liew and his squad entrained for Decatur at 10:45 o'clock this morning while the entire student body and the R. O. T. C. band made things lively at the depot. Knox classes were dismissed so that the students and band could accompany the squad to the scene of entrainment.

As soon as the last classes are out this afternoon many Galesburg autos started the pilgrimage that will bring them to Decatur long before game time. Others will come via train along with the band.

WILL HAVE SECTION.

Millikin officials have reserved a section of a 200 or so seats in the south stand on the 50 yard line and fully 200 Old Siwash rooters are expected to be backing their team in its quest for an I. I. A. C. title.

Following the light drill this afternoon and the evening meal, the blue and white squad to the number of 18, will meet at the Kappa Delta Chi fraternity home on West Wood street where they will remain until time to dress for the battle Saturday afternoon. Coaches Johnson and Sutherd adopted this plan to keep the men together and to keep them away from the various homecoming activities.

HAVE TOUGH BATTLE.

There isn't any denying that Millikin has selected one of the hardest foes in the middle west for the homecoming game. Knox has shown much power in all the games played this year and with a style of play developed by such a capable coach as John Van Liew Millikin and Decatur fans can depend on seeing a well trained, well coached, grid team in action.

Bill Senn and Wylie in the backfield and wonderful ball carriers while Imig at quarter is an experienced field general and O'Neill has showed all around ability at his full back berth.

In the line Hardie, perhaps the heaviest minor college player in the middle west, is a power of strength while Harrison, the former Peoria High star, Huggins and Trevor are men capable of taking care of themselves on both defense and offense. Rice fills in well while Young or Christopher, who will see service at right end are capable understudies for the injured Holmes.

WANT DRY FIELD.

While Senn and Wiley, the latter a product of Van Liew's at Champaign, are speed merchants, Millikin coaches were desiring a dry field for the contest. The weather fan has promised a clear day Saturday so that the game should be fought out on a fast gridiron.

Just how the Millikin team will start the game was not known this morning. The line is pretty well set but in the backfield several combinations are possible and the chances are the men will not know until game time whether they are to be in there for the kick off or not.

MANY FRESHMEN.

Despite the fact Knox is looked upon over the state as a big favorite old grads returning for the homecoming are expecting to see a fighting blue and white squad out there Saturday. Out of the 14 possible starters named, 10 are freshmen so that at least in one item Knox is sure to have a decided edge—that of experience.

Another official, "Bunt" Kirk, the old Iowa U star of Ottumwa, Iowa, has been added to the three already named. Just how the men will work in the game has not been definitely decided but Kirk, Petritz, Clarno and Crooks will be the four men in charge of the important contest.

All Decatur is worked up over the game and a capacity crowd should witness the battle which starts at two o'clock.

MILLIKIN MAKES BUT ONE REQUEST

Athletic Director Leo Johnson of Millikin University has made but one request of every football fan who attends the Homecoming game with Knox College tomorrow.

This is that be good sportsmen under any condition that may arise during the afternoon.

"The Knox football team, their rooters and band are to be the guests of Millikin and Decatur tomorrow. As such they should receive only the best of treatment whether they win or lose while remaining in the city.

"It has been called to my attention that a number of people not connected with Millikin had made remarks to visiting players and coaches in several of the games from their seats in the south bleachers. Millikin does not care for this attitude on the part of those who attend its games. It not only reflects on the school but the city as well."

STAUNTON EASY FOR LINCOLN

Logan County Eleven Wins By 28 to 5 Score.

Lincoln, Nov. 21.—Playing their best game of the season, the Lincoln Community High school eleven rang down the gridiron curtain with a victory Thursday afternoon by decisively turning back the Staunton gridders by a score of 28 to 5 on the Athletic field. It was a bitter loss to Staunton and the first defeat that the Bozarth men have met in two years. By winning the game, Lincoln, who has only lost one game this season, lays claim to the title of central Illinois prep schools.

The score does not show the true worth of the teams, for both elevens were evenly matched with Staunton owning a slight advantage in weight. Keyed to a high pitch, well aware of the strength of the visiting warriors, the Railsplitters tore into Staunton with terrific line smashes and hung up a marker first. The dope "that the team that scores first usually wins" was right in this case and although battled to a standstill the Red and Green team took advantage of the breaks and carried through.

SHOW STRONG ENDS.

Neither team was able to run the ends to any advantage but were successful crashing and plugging the lines. Staunton had a wicked forward pass attack that threatened always but Lincoln managed to break it up at a critical stage. Bozarth has a great hurler at Ruffini, who shoots that ball out like a bullet and is cool in handling the ball. He looked for an open man always and the hesitation in passing wild cost Staunton a loss in yardage on two occasions and one time a loss of the ball.

Lincoln's greatest weakness was the inability to use the air game which they resorted to in the last quarter.

TO LOSE MANY.

Ten men on the Anderson team ended their prep career in glory, and if anything, it was the best game that they have ever played under the colors of the Red and Green. Dean Klarr, the flashy back, who has scored consistently throughout the season, as usual, put over a marker on a long run through an open field. He scored the second touchdown in the first frame by a 50 yard dash. Mitchell and Knapp, ends were on to the game with lots of fight while McChesney, Madigan, Pletz and Bohn smeared the Staunton backs on punts and forward passes.

Staunton has a real find in Brabruck, a freshman that practically did all the gaining on his team. He is an elusive chap, carries the ball well, and caused Lincoln ends plenty of trouble.

Whitesell Wins Another.

Havana, Ill., Nov. 21—Coach Ned V. Whitesell's Pekin High school footballers took a step nearer the championship of this section when they clawed to pieces the light Havana High school eleven here Thursday afternoon, 49 to 0.

KNOX VS. ARMY.

Galesburg, Ill., Nov. 21—Knox college faculty members at a meeting this morning, ratified the contract for the Knox-Army football game Oct. 10, 1925. The faculty permission had to be secured before the contract could be signed, because the team would miss several days' classes on the trip east. The game will be played on the Polo grounds, New York. New York alumni of Knox will pay the major part of the expenses of the trip.

PEORIA FANS WILL ATTEND J. M.U. GAME

Peoria, Ill., Nov. 21—In spite of the warm interest here in the Bradley-St. Viator game Saturday, a number of Peorians plan to attend in the Millikin-Knox fracas at Decatur. The importance of the game as a factor in the Little Nineteen football race has aroused keen interest here. Bradley supporters are hoping that Millikin bumps the strong Knox club because of their friendship for Leo Johnson, former Tech coach.

STILL TALKING OF NEW COLLEGE GROUP

Galesburg, Ill., Nov. 21—When the Little 19 conference meets in Peoria on December 12 and irons out all of the little wrinkles that generally marks this session the proposal will come to reorganize on a smaller scale. The proposition to organize a loop of eight schools failed last year because it happened to come from one particular group of schools. This year seven or eight schools will be asked to consider the advisability of becoming members of a circuit drawn on geographical lines as well as enrollment. Schools to be asked to consider the loop from their own particular viewpoint will be Millikin, Wesleyan, Knox, Lombard, Monmouth and Bradley.

State Normal Schedule.

Normal, Ill., Nov. 21—Athletic Director Clifford Horton of State Normal yesterday announced his basketball season for the ensuing season. The chart includes ten games.

Jan. 13—Illinois Wesleyan at Bloomington.

Jan. 20—Eureka College at Eureka

Jan. 24—Illinois College at Jacksonville.

Jan. 30—Western Normal at Normal.

Feb. 6 — Eastern Normal at Charleston.

Feb. 13—Eureka College at Normal.

Feb. 20—Western Normal at Macomb.

Feb. 28—Illinois College at Normal.

Nokomis Vs. Kincaid.

Nokomis, Ill., Nov. 21—The Nokomis and Kincaid Soccer Foot Ball teams will meet in a big contest here at Berger's Ball Park next Sunday afternoon November 23rd. This is the first round in the big contest which will be fought out among the teams of the Soccer Foot Ball Association of this district to win the celebrated "Farrington" Cup which goes to the winner at the close of the season.

Cage Change in East.

New York, Nov. 21.—The Eastern Intercollegiate Basketball League, which will open its season Jan. 5, has changed the zoning rule which inflicts different penalties on fouls committed within certain areas. One shot from the foul line will be permitted, except on a player in the act of shooting at the basket. In cases where a player shooting is fouled, two shots will be allowed.

BIG TEN SEASON CLOSES TOMORROW

All Elevens Swing Into Action on Grid.

Chicago, Nov. 21—When Western Conference coaches today shouted "that's all" and their proteges trooped from their fields, the curtain rang down on more than two months of football practice and preparations for tomorrow's games upon which so much depends were complete.

The veil of secrecy that shrouded the week's workouts was not drawn aside at the final sessions and but small indication was given of the tactics relied upon to bring last minute laurels.

It was known however, that two types of football were in prospect of display in Chicago in the Chicago-Wisconsin and Northwestern-Notre Dame games which held the center of Mid-West football interest.

Chicago and Wisconsin each had a line smashing game ready for their tilt which the Maroons must win to be declared undisputed Western Conference champions. Both teams have made the bucking attack their mainstay.

An open game was expected to develop in the meeting of Notre Dame and Northwestern before a capacity crowd in Chicago's new Grant Park stadium.

Michigan reviewed its repertoire and added additional formations to spring on Iowa in its last practice of the season.

OHIO AT DANVILLE.

Ohio State, enroute to Urbana to attempt to deduct still further from the prestige Illinois lost to Minnesota, held a light workout at Danville. The Illini worked desperately to get back into their winning gait and Coach Zuppke shifted Captain Rokusek to tackle and Shively to guard, Perdunn and Green, reserve backs, were groomed to take part in the early stages of the fray.

Indiana was ready for its invasion of Purdue's camp at LaFayette with a defensive game polished to a nicety and an aggressive attack waiting to be unleashed.

One change was made in Minnesota's line-up when the battle front to oppose Vanderbilt of Nashville was announced. Mathews replaced Gay at left guard but otherwise the team that blasted Illini championship hopes was [illegible]

WHEAT CLOSE IS UNSETTLED

Chicago, Nov. 21—Although the wheat market opened with something of a downward tendency today prices soon rallied to above yesterday's finish. Offerings were readily absorbed and traders took notice of the fact that over-night sales to Europe were in excess of 1,000,000 bushel. On the other hand new export business this morning was said to be slow in developing.

Initial prices which varied from unchanged to ⅝c lower, December $1.49@½, and May $1.56⅝@1.57⅜, were followed by a little further sag and then by gains all around.

Subsequently, reports of rains in northern Argentine where harvesting is going on and dry weather is wanted, helped to uphold values, despite liberal arrivals of wheat here from Omaha and notwithstanding weakness of the corn market. Wheat closed unsettled at same as yesterday's finish to ½c higher, December $1.49⅞@⅞, and May $1.57⅞.

Corn lacked aggressive buying support. Assertions that hog feeding operations would be unprofitable had considerable bearish effect. After opening at ½c to 1c lower May $1.20⅞@1.21, the market recovered somewhat but then declined again.

Setbacks in price grew much more pronounced later as a result of increased hedging sales of new corn. The close was heavy 2½c to 4c net lower May $1.19¼@⅜.

Oats were easily influenced by corn weakness. Starting unchanged to ⅜c lower, May 58⅛@⅛c, oats continued to average lower.

Provisions had a downward trend.

LOW PRICED RAILS ACTIVE

More Than Score, Aided By Speculation, Gain.

New York, Nov. 21—Bullish operations were aggressively conducted at the opening of today's stock market, more than a dozen issues attaining new peak prices for the year in the first few minutes of trading. The list included New Haven, Norfolk and Southern, Great Northern Ore, and the Maxwell motor issues, gains ranging from fractions to 2½ points.

GAINS MOMENTUM.

The unward movement gained increased momentum as trading increased with several large blocks of stocks changing hands. U. S. Steel common sold above 117 for the first time in nearly six years and more than two dozen other issues established record 1924 prices in the first half hour including North Pacific, General Asphalt, and Public Service of N. J. Norfolk and Southern extended its early gain to 3 points and Chesapeake and Ohio to 2. Mack Truck fell back about a point on heavy profit taking.

Foreign exchanges opened firm.

RAIL SHARES.

Speculative interest during the morning centered largely in the railroad shares, more than a score of which broke through their previous year's highs. Persistent profit taking in the industrial groups brought about recessions of one to 2½ points in a number of popular issues including American Can, U. S. Cast Iron Pipe, Mack Truck and American Woolen. Buying of the low priced rails reached gigantic proportions. High grade rails were not neglected however, Atchison and Union Pacific being bid up to new 1924 maximums. Heavy selling of Missouri Pacific common just before noon resulted in a drop of 3 points in that stock, the rest of the rails yielding in sympathy.

Call money renewed at 2½ per cent.

The close was irregular.

START ACTION ON WABASH TRAIL

Want Right of Way Secured At Once.

IS IMPORTANT ROAD

Committee to Stay Constantly on Job.

BY E. T. COLEMAN.

The Wabash Trail demonstrated that it is very much alive, in a meeting Thursday afternoon at Taylorville at which plans were made for urging the early construction of the new bond issue route No. 48 from Decatur to Litchfield. The meeting was held in the circuit court room in Taylorville. Representatives were there from every town along the line about 125 delegates being present. F. C. Cahill of Stonington presided. Senator Forrester and Representatives Bancroft and Sparks of the 40th senatorial district were present and took an active part in the deliberations.

NAME COMMITTEE.

The concrete result of the meeting was the appointment of a committee composed of one delegate from each town on the route to urge the matter upon the governor, the director of public works and the chief highway engineer. This legislative committee is to begin its duties at once and is expected to continue active until a definite decision upon this route has been reached.

Tentative arrangements were made for a big booster trip to Springfield after the beginning of the session of the legislature

PARALLEL WABASH

The association went on record through a motion of Dr Nelms of Taylorville as to the location of the route. The preference of the association is that the road should parallel the Wabash railroad from Decatur to Raymond, running on the east side of the railroad from Decatur to Taylorville, there crossing through a subway to the west side and continuing on that side to Raymond. There the route will turn east to Route 4 and enter Litchfield over that highway. This choice will be submitted to the state highway authorities as the preference of the association if it meets with the approval of the engineers.

President Cahill said in opening the meeting that they did not expect to get Route 48 paved in 1925 but that they hope to get the work under way in 1925. To accomplish this it is necessary to become active at once. He deemed it expedient to secure the right of way at the earliest possible moment.

IMPORTANT TO DECATUR.

M. C. Nelson, president of the Decatur Motor Club, speaking for Decatur, said that the route is one of the most important of the five new routes authorized for that city under the new bond issue and Decatur is thoroughly and heartily in favor of it. He suggested that the first important move is to induce the department of public works and the division of highways locate and survey the route in order that right of way may be secured.

Phil Hauer and Dr. Nelms spoke for Taylorville, W. H. Bean for Blue Mound the president for Stonington, Dr. Miller for Palmer, several for Morrisonville, H. H. Zimmerman for Harvel, Mr. McDavid for Raymond A good deal of the discussion in this roll call was as to location and right of way. The speakers were of one mind that the road should be located on the east side of the Wabash from Decatur to Taylorville and on the west side from there to Litchfield.

NOT ENOUGH MONEY.

Representative Lincoln Bancroft startled the association with the statement that the legislature through the appropriations that will be necessary will have a good deal to do with the order in which the new state bond issue roads will be improved. The hundred million dollars will fall 2000 miles short of building all of the roads provided under this program and there will be a scramble from all over the state to get into the first lot to be constructed. He suggested that the association is somewhat premature in sending a committee to Springfield now but advised a strong committee which will stay on the job for sometime after the organization of the legislature.

Senator Forrester disagreed with the representative as to the start being premature. Now he thought is the time to begin.

There was more discussion of right of way matter. The opinion was expressed by several delegates that a blanket agreement as to right of way should be secured in advance of the survey.

Decatur was represented by M. C. Nelson, W. C. Starr and J. H. Culver W. H. Bean, Supervisor E. F. Dunbar and a number of others represented Blue Mound.

GO TO HAMMOND TONIGHT TO TALK OVER ROUTE 121

A number of Decatur road men will attend a meeting of the I and I Trail at Hammond Friday evening. The meeting is called in the matter of the improvement of part of state bond issue Route 121. It is understood that the state highway department will be urged to improve this route from the west end of the Tuscola township pavement to the intersection of the route with Route 32 a mile east of the Macon county line.

The distance is about twenty miles and this link will give southern Piatt, Moultrie, Douglas and Edgar counties a paved route to Decatur and Springfield by way of Route 32 which will be completed next year and Route 10, which is paved.

The Hammond meeting will be in the form of a dinner at which representatives from other towns will be guests. There possibly will be some

Save A Little—Save A Lot!

When thrift is lost sight of and economy is forgotten, man is trembling upon the brink of disaster. Really—it is saving up for the rainy day which gives every cloud its silver lining.

And thrift isn't difficult. Economy isn't laborious. The means of receiving one hundred cents' worth of value for every dollar you spend are within your easy reach.

Just turn to the Classified Section of The Review. Consult this economy medium every day. Sort out its most favorable opportunities—accept those which meet your needs—and watch your expenditures diminish while your savings grow.

The general rule is the economy rule of classified offers. Practically all offers are at lower-than-usual prices. But occasionally you will come across an offer whose favorable terms actually take your breath away.

If you are a stranger to the classified section—try an adventure in economy by reading it today. It won't take you long to get the classified habit, once you start.

Half of Chest Funds Not Yet Secured

Total Friday Noon $35,363—Emanuel Rosenberg High Captain for Day.

Contributions to the Decatur Community Chest are still coming in slowly, and by Friday noon the total was only $35,363 This is rather a long way from the goal of $88,437 50

'Not giving this year' is the frequent report brought in from persons solicited

WORKERS STILL BUSY

There was an advance of only $7 000 over the total at the same time Thursday This was in spite of the renewed efforts of the teams of volunteers who are serving faithfully at their task

Emanuel [illegible] team No 5 had high total Friday and rode the fire [illegible] to central park

On Saturday night [illegible] Community Chest headquarters in the Orlando Hotel will be open until a late hour in an effort to have Decatur people come half way and bring in their contributions [illegible] Bring it [illegible] night

BRING SUBSCRIPTIONS IN

'It is also [illegible] unfair that the community should expect to saddle the campaign upon fifty or 100 volunteer workers' declared J M [illegible] a member of the campaign committee Friday Many people think that if they are not solicited and urged that they have a right to get out of doing their share We hope that such persons will kindly consider that everyone who is working on this campaign is giving up hours of his or her time And the least that the others who are not asked to do such work can do is to come half way and make it easy for the volunteer committees

'Therefore we are going to stay open here Saturday night and give everyone a chance to bring in his contribution Many persons undoubtedly will be missed in the canvass [illegible] we are appealing to them to help out by coming [illegible] voluntarily with their subscription

WOMEN BUSY

The women's committee [illegible] hard at work in the residence districts and the factory committees are reporting good progress It is hoped that donations will come in at a better rate but just at present [illegible] looks as if the campaign will fall short of its objective

HELPS COLORED FOLKS

Clinics, Welfare and Opportunity Homes and Scouts Already Used.

The Community chest received a letter Friday morning signed 'Colored Citizens' asking in what way colored people are helped by the institutions in the Community Chest

It is unfortunate, as in all anonymous letters that a direct answer can not be made to the communication As usual the critic does not name himself or come forward personally so that he may be given the facts

HELPS COLORED FOLKS

The campaign committee wishes it to be known however that the charitable institutions in the Community Chest have received colored people without discrimination Several children have been operated on at the public clinic in the Decatur and Macon County Hospital and there is one case of present date where such work is being done

The school clinics similarly work constantly with colored children. The Girls' Welfare Home has had several colored girls in the past and although none are there at present there is no bar against them The same thing is true at the Boys Welfare Home and other institutions Last year there was a colored Boy Scout troop which was discontinued only because its leader moved from the city Another troop is being now organized

> **No Pay.**
>
> An example of the many excuses being used to withhold contributions to the Community Chest is that a lot of people working on the Community Chest campaign are getting paid for it
>
> The fact is that everyone working in the campaign is doing so without any payment whatsoever Many are giving days of their time freely and this accusation is highly uncharitable to say the least

SPRINGFIELD FUND TWO-THIRDS RAISED

Springfield's Joint Fund drive is going well Up to Friday morning 4,228 people had subscribed $101 943 to the fund These figures mark the face of the giant clock on the south side of the Sangamon county court house wall telling the people that two-thirds of the goal of $1 0(?)0 has been reached

On Friday workers were starting out in the capital city with renewed zest and determination realizing that unless giving is more generous the sum desired will not be reached

In Cleveland the first of the big cities to develop the community fund idea 26 per cent of the desired $4,375 000 fund had been subscribed

The St Louis budget called for $1,751 521 On the third day of the campaign only 29 per cent of the total had been raised Up to Friday morning a total of $523 897 had been raised

HOMER FAVORS OPERA BY RADIO

Famous Contralto Charms Decatur Callers.

TO SPEAK FOR CHEST

Thinks Singers Can Make First-rate Wives.

BY JOHN VALENTINE.

It is a matter of personal regret to me that radio broadcasting of opera from Chicago has been discontinued this year commented Madame Louise Homer Friday noon 'I have favored radio as a means of furthering the love of and acquaintance with good music and especially for those who are unable to go to Chicago during the opera season And then I should think even those fondest of jazz programs by radio would welcome some change

RESTING HERE

Madame Homer was speaking to her visitors in her suite at the Orlando Hotel where she has been resting since her arrival in Decatur Thursday evening Friday night she will give her recital at the Lincoln Square Theater

Madame Homer has real personal charm Yet she has the simplicity and sincerity that go with true greatness It is hard to realize that she is a grandmother despite her grey hair Her figure is excellent her manner vivacious and her interests anything but self centered

FIRE

The illustrious contralto was continuing her remarks on radio, hinting that the singers contracts with phonograph record companies had forced the end of operatic broadcasting when a fire truck went clanging by

'I think I smell smoke' she exclaimed, quoting laughingly a traditional burlesque of grand opera

Her visitors assured her however that it was merely the daily publicity run of the Decatur fire apparatus in connection with the Community Chest campaign

SPEECH REQUESTED

Madame Homer at once expressed a lively interest in the matter

Perhaps you could help us by making a speech about the Chest at the performance tonight was the forward suggestion of her interviewer who is a member of the campaign publicity committee

Why, I'd love to but I'll be sure to get stage fright if I attempted to speak Now if I only could sing something about it— and thus she gave a practical promise of assistance

AT HER EASE

On account of the rather inclement day Madame Homer kept to her rooms all day practicing and reposing

Madame Homer spoke enthusiastically of Myrna Snatlow Decatur's representative in the opera world and described the latter's voice as being perfectly gorgeous

MOTHER GRANDMOTHER

The career of Madame Homer is a living refutation of the fallacy that raising a family and being a successful artist are incompatible She is the mother of six children the youngest of whom is a boy only nine

Madame Homer assured her interviewer that there's no trick and suggested that many marital troubles of grand opera stars are mainly arranged for publicity

There's no reason why a woman shouldn't be a good singer and a good wife if she has the necessary qualities for each task, is the way Madame Homer puts it It's not so much a matter of temperament as it is of willingness'

PRAISE FOR WORK

In spite of the demands of family life Madame Homer's work is of such a high quality as to call forth the praise of critics constantly After her performance in Chicago Wednesday night in Il Trovatore for example the musical commentator of the Chicago Daily News Maurice Rosenfeld wrote

'Of course Louise Homer the American contralto as Azucena carried off a large share of the evening's honors She fairly lived the role of the vengeful gypsy and sang her music with a surety and a routine that gave to the role a perfect illusion Mme Homer is a great artist and in this opera confirms this fact conclusively

Evidently Madame Homer does not have to rely upon marital difficulties for publicity

Saturday Proclaimed Millikin Day

WHEREAS the City of Decatur, through the years since the organization of James Millikin University has come to realize the position which that institution has assumed and the great service from an educational standpoint which it has rendered to the general public calling for the consideration and support of this community in its efforts to advance the purposes of its foundation

THEREFORE I Arthur L McNabb Acting Mayor of the City of Decatur Illinois hereby proclaim Saturday the 22nd day of November A D 1924 as Millikin Day in said city on which date all citizens not prevented by business or other reasons shall lend attendance and support to the Homecoming events of said university

Dated this 21st day of November A D 1924

(Signed) ARTHUR L McNABB
Acting Mayor

TRAINMEN DEFEAT OUTPOST RULING

Reelect Most of Old Officers Thursday.

Lodge No 414 Brotherhood of Railway Trainmen which is the membership on the Decatur division, held an important meeting Thursday night, electing officers for the year and voting down a proposed new ruling between the trainmen and conductors

The rule brought out some lively discussions and it is understood that the two general chairmen, Conde Bishop of the conductors and Frank Kileen of the trainmen had made an agreement to have the new rule adopted for the Decatur division me However the trainmen voted it down

OUTPOST JOBS

This rule was to apply to what are known as outpost jobs usually not very much desired by the men as it causes them to be away from home Under the proposed new rule the youngest promoted conductor could be forced to go out and take one of these outposts jobs This youngest promoted man might on account of slack business or for some reason be braking on some choice brakeman job at the time In fact this is often the case with the youngest promoted men While the new rule if passed would have made him go out and take some outpost job the conductor who held the outpost job could come in and bump on to the choice braking job

RE-ELECT OFFICERS

Nearly all of the old officers were re-elected for the year as follows

President—T P Sears

Vice President—J I Hinton

Secretary—W E Tyler

Treasurer—W W Albright

Official publication representative—F L Collins

Delegate to convention—W T Hatchett

EVOLVE PLAN TO SAVE THE PINES

Community Association to Be Formed.

PARK BOARD IN OFFER

Would Pay $12,000 for the Property.

More definite plans for saving The Pines as a community center were formulated by the committee working on the situation Friday morning

The plan which is being considered now is to have the park board buy the land for $12 000, as it has offered to do make the payments for the remainder of the $30 000 which is $18,000 from the Pines allotment in the community chest if it is agreeable with the executive committee of the chest and maintain The Pines under the playground and recreation act which would have to be adopted by a favorable majority vote of the people.

TO CONFER ABOUT CHEST

The chest committee will be conferred with on this question immediately to learn whether or not The Pines will remain in the chest so that these payments may be made from the chest money

An organization, probably to be known as "The Pines Community Association' or some such name, is to be organized to handle the yearly payments, taking the chest money and paying the yearly payments to Ira Clokey

CONFER WITH CLOKEY

Mr Clokey was called to the meeting of the committee Friday morning to ascertain whether or not such plans would be satisfactory to him He informed the committee that all he wants is assurance that he will be paid the $30 000 for the property and a responsible organization to work with He is willing to extend the payments for even more than ten years he informed the committee He wishes to get his assurance of the money as soon as possible as he probably will leave for California early in December

Two committees were appointed by W F Hardy Friday morning one to confer with the community chest executive committee and the other to do work on getting the charter for the organization which will be formed It will take a week or ten days to get this charter Mr Clokey told the committee that he would cooperate with it to give it a chance to get this charter

COMMITTEES

The first committee is made up of John H McEvoy, E J Muffley Mrs E J Moreland, George F Chamberlain and Warren F Hardy

The committee on the charter is made up of Harold Pogue, Maurice Willows of the playground and Recreation association and E J Muffley

The discussion Friday morning included legal questions which are involved in the plan which is being considered Corporation counsel Lee Boland and Maurice Willows advised the meeting as to the various details

$12,000 Offered for the Pines by Park Board

The park board offered $12,000 for The Pines in order to save that place as a community center according to the decision by the board at its meeting Thursday night after a conference with Harold Pogue, who represented the committee which has been acting on the Pines situation

Mr Pogue explained to the board that Mr Clokey had offered The Pines for sale at $30 000 to an organization which will use the place for public purposes He told them of the committee which has been appointed after a meeting of a group of citizens to try to work out some plan to save The Pines He explained that the difference between the amount offered by the park board and the amount asked by Mr Clokey would be raised by popular subscription, of memberships to make the first payment to Mr Clokey In this case $18 000 would have to be raised

TO PAY ASSESSMENTS

There are some paving assessments against the Pines property now, and more assessments which are expected will make the total assessments about $10,000 to be paid off in ten years This would mean that when the Pines is turned over to the park board, the board will have to pay about $10,000 more than the $12,000 offered, making a total cost to the board of $22 000, which it considers a high price for the property

The park board takes this property at this price only in view of the value of The Pines as a community center

Oglesby School.

Eighty-seven percent of the children of the Oglesby school were in attendance at the visitors evening observed Thursday evening in the school There were nearly twenty-five per cent more visitors this year than last, with 152 persons being registered The regular school work was done during the evening

Members of the Fathers club of the Oglesby school will meet Friday night at 7 30 in the school building

NEWS FROM THE SICK

BLENZ INDICTMENT GOOD ON 15 COUNTS

Start Selecting Jury for Trial.

The motion to quash the indictment in the case of Conrad Blenz and Cal Anderson, was overruled by Judge Baldwin as to the first fifteen counts in the circuit court Friday morning The motion was allowed as to the sixteenth seventeenth eighteenth and nineteenth counts

The first thirteen counts are selling counts and Judge Baldwin held them to be good The fourteenth and fifteenth counts are possession counts and they were also held to be good

The sixteenth count is a possessing count as is also the seventeenth count but these counts allege that the liquor was unlawfully acquired Judge Baldwin held that such a statement was merely a conclusion and therefore those two counts are bad

The eighteenth and nineteenth counts allege that the defendants kept a place where intoxicating liquor is unlawfully possessed That is also merely a conclusion and those counts are bad

The defendants are therefore being tried on only the first fifteen counts of the indictment The work of securing a jury was begun at once On account of the wide publicity at the time of the arrest the work of getting a jury is slow

When the new recess came four jurors had been accepted by both sides as follows

Grover McGinnis Argenta
S S Ballinger Decatur
Barnes Fulton Decatur
Orville Hinkle Forsyth

FOUR MORE

Four more jurors were added by 2 15 Friday afternoon and are as follows

William Gollan Decatur
Rollin Lyons Maroa
Charles Hadley Decatur
Creighton J Webb Decatur

QUOTES TURKEYS AT 45 CENTS LB.

One Merchant Releases Price—Supply Plentiful.

The anxiety in regard to the Thanksgiving turkey price is being relieved and one merchant released his prices on all Thanksgiving fowls Friday morning The market is just five cents under that of last year or forty five cents a pound New York dressed This means that a ten pound turkey about the average size will cost a person $4 50 dry picked but not drawn—or one probably will eat something else

TO BE PLENTIFUL

Indications are that turkeys are plentiful according to this merchant He points out, however that this does not mean that a man can be promised a good turkey if he waits until the eleventh hour to arrange for it He now has a fine supply of carefully dry picked birds both hens and toms on hand which have been well fattened The supply is good but turkeys are not like chickens and cannot be kept in confinement as long as the latter fowls because turkeys fret and lose weight more quickly than any other bird except guinea Both of these birds are wilder in nature than the usual table fowls

Other merchants questioned Friday morning did not have any prices to release which they were sure would hold over until Thanksgiving day as they are now just arranging for their supply of birds and as a rule they like to see the stock before setting the price

CHOICE OF OTHER FOWLS

If the householder does not want to pay forty five cents a pound for this time-honored center of the Thanksgiving feast which is largely white meat he may take his choice from geese ducks fries hens and baking chickens and at prices considerably less than turkey although all are quoted as New York dressed and are dry picked

Young goose is pretty well thought of as turkey substitute and thus early in the fall it is easy to find one not too fat They are quoted at twenty-eight cents a pound ducks at thirty-two cents Fries will be thirty-two cents while hens and baking chickens will be thirty five

OF USUAL SIZE

The sizes in turkeys are running from eight to fifteen pounds which sets at naught the report that turkeys would be somewhat undersized this year these figures being the sizes usually on the market in the fall

CREAMERY PLANT AT NOKOMIS BURNS

Nokomis, Nov 21—Fire of an unknown origin entirely destroyed the building and contents of the Sugar Creek Creamery company here on Friday morning at 5 o'clock The loss was several thousand dollars, which was total No insurance was carried on the building or its contents
